**Sicily and the Hellenistic Mediterranean World** D. Alex Walthall, 2024-02-22 Using archaeological and documentary evidence this book reveals the innerworkings of the Sicilian kingdom of the Hellenistic monarch Hieron II Shifting Social Imaginaries in the Hellenistic Period Eftychia Stavrianopoulou, 2013-09-12 There is a long tradition in classical scholarship of reducing the Hellenistic period to the spreading of Greek language and culture far beyond the borders of the Mediterranean More than anything else this perception has hindered an appreciation of the manifold consequences triggered by the creation of new spaces of connectivity linking different cultures and societies in parts of Europe Asia and Africa In adopting a new approach this volume explores the effects of the continuous adaptations of ideas and practices to new contexts of meaning on the social imaginaries of the parties participating in these intercultural encounters The essays show that the seemingly static end products of the interaction between Greek and non Greek groups such as texts images and objects were embedded in long term discourses and thus subject to continuously shifting processes **Polybius and His World** Bruce Gibson, Thomas Harrison, 2013-02-28 Polybius and his World honours F W Walbank's achievement by bringing together a number of leading scholars in the fields of Hellenistic historiography and history The Oxford Handbook of the Historical Books of the Hebrew Bible Brad E. Kelle, Brent A. Strawn, 2020 This collection of essays provide resources for the interpretation of the Historical Books of the Hebrew Bible that includes the books of Joshua Judges Samuel Kings Chronicles Ezra and Nehemiah The contributors to this collection are guided by two primary questions 1 What does this topic have to do with the Old Testament Historical Books and 2 How does this topic help readers better interpret the Old Testament Historical Books By first providing a critical survey of prior scholarship each essay prepares the reader before presenting current and prospective approaches to understanding these texts **Foreign Sailors on Socotra** Ingo Strauch, Christian Julien Robin, Maria Gorea, Mikhail D. Bukharin, 2025-06-27 Several years ago a group of Belgian speleologists of the Socotra Karst Project made a spectacular discovery Deep inside a huge cave on the island Socotra they came across a large number of inscriptions drawings and archaeological objects As further investigation showed they were left by sailors who visited the island between the 1st c BC and the 6th c AD The majority of the texts is written in the Indian Brahmi script but there are also inscriptions in South Arabian Ethiopian Greek Palmyrene and Bactrian scripts and languages This corpus of nearly 250 texts and drawings thus constitutes one of the main sources for the investigation of Indian Ocean trade networks in the first centuries of our era The present book is the first comprehensive edition and study of this material It comprises contributions by an international group of scholars who have been working on these new discoveries for a couple of years in alphabetical order Mikhail D Bukharin Moscow Peter De Geest Brussels H di Dridi Neuch tel Maria Gorea Paris Julian Jansen Van Rensburg Brussels Christian Julien Robin Paris Bharati Shelat Ahmedabad Nicholas Sims Williams London Oxford and Ingo Strauch Berlin *The Hasmoneans and Their Neighbors* Kenneth Atkinson, 2018-10-04 Kenneth Atkinson adds to an already

impressive body of work on the Hasmoneans proposing that the history and theological beliefs of Jews during the period of the Hasmonean state cannot be understood without a close investigation of the histories of the Ptolemaic and Seleucid Empires as well as the Roman Republic. Citing evidence from the Dead Sea Scrolls and classical sources, Atkinson offers a new reconstruction of this vital historical period when the Hasmonean family changed the fates of their neighbors, the Roman Republic, the religion of Judaism, and created the foundation for the development of the nascent Christian faith. Atkinson additionally provides reconstructions of events in classical history, including the most detailed examination of Pompey the Great's assassination in light of Jewish sources, by focusing on his death. This volume uncovers new information that explains the discrepancies in the classical accounts of this pivotal event that shaped Middle Eastern and Roman history and which helped end the Republic. Collecting sources ranging from the beginning of the Hasmonean monarchy through its religious strife and golden age to its eventual downfall, Atkinson concludes that Jewish sectarianism and messianism played far greater roles in the Hasmonean state than has previously been assumed.

Encyclopedia of Society and Culture in the Medieval World, 2008. The four-volume Encyclopedia of Society and Culture in the Medieval World provides readers with comprehensive coverage of the medieval world from the fall of Rome to the European Renaissance, including Western and non-Western cultures and civilizations. Following an introduction that outlines the history of the major centers of civilization, this authoritative set features 71 alphabetical entries that explore specific topics such as architecture, economy, art, and the military, followed by subsections on Africa, the Americas, Asia, Europe, and the Islamic World. These insightful entries, including 12 on major topics with more in-depth coverage, allow readers to compare and contrast events in different areas of the world with ease. Key articles are supported by primary source documents, and a list of further reading complements each entry. More than 200 black and white photographs, maps, and sidebars accompany the text, and a glossary, chronology, general bibliography, and comprehensive index round out this accessible set.

Publisher information: Betsaida/Bethsaida - Julius (et-Tell). Heinz-Wolfgang Kuhn, 2015-02-18. Die Publikation macht es möglich insbesondere für die hellenistisch-früh-römische Zeit, die ersten ca. 25 Jahre der am Nordende des Sees Gennesaret seit 1987 durchgeführten Ausgrabung von et-Tell nachzuvollziehen und sie lässt für diesen Zeitraum den letzten Stand der auch für die neutestamentliche Forschung wichtigen Grabung erkennen. Die Grabung wird von dem israelischen Archäologen Prof. Dr. Rami Arav geleitet; der Verfasser ist Professor für Neues Testament und Kodirektor des Bethsaida Excavations Project. Die Grabung hat gezeigt, dass et-Tell gleichzusetzen ist mit Betsaida-Julias, das z.B. im Neuen Testament siebenmal bei dem jüdischen Historiker Josephus und in der rabbinischen Literatur erwähnt wird. Der Band, der weit über 100 Abbildungen zu einem großen Teil in Farbe enthält, verfolgt also ein doppeltes Ziel. Zum einen kann aufgrund der 15 gesammelten Aufsätze in Deutsch und Englisch und der fortlaufenden Münchner Ausgrabungspläne der entdeckten Schichten von Eisenzeit IIA und hellenistisch-römischer Zeit der Verlauf der Grabung von Anfang an verfolgt werden; die gefalteten Pläne in doppeltem Seitenformat zum anderen geben die Nachträge zu

den veröffentlichten Aufsätzen sowie der letzte unveröffentlichte Aufsatz den jüngsten Stand der Grabung wieder. Der Verfasser richtet den Blick fter speziell auf die erste Hälfte des 1. Jh n Chr und das historisch kritisch nachweisbare Wirken Jesu in Betsaida gem Mt 11 21 23 parallel Lk 10 13 15
