## **Michel Leiris Michel Leiris:**

Michel Leiris Seán Hand,2002-08-01 This is the first full length study in English of Michel Leiris's work. Frequently cited as a central figure in contemporary French culture Leiris was an outstanding writer whose double career as ethnographer and creative writer places him at important points of intersection within French cultural history. Sean Hand explores Leiris's active participation in some of the most striking intellectual and artistic movements of the twentieth century surrealism in the twenties ethnography in the thirties and existentialism in the forties. Hand locates his writing in these different contexts in relation to the major artistic, political and philosophical concepts of the period. He goes on to argue that Leiris's multi-volume autobiography *La Rôle du jeu* stands as the model form of self-enquiry in the twentieth century. More broadly Hand explores Leiris's continuing obsession with the notion of presence. Informed by recent critical theories Hand offers a multi-disciplinary approach to this intriguing writer.

Alter Ego Sean

Hand,2017-12-02 *Alter Ego* is the first monograph in English on the critical writings of Michel Leiris 1901-90. A groundbreaking autobiographer and pioneering ethnographer Leiris also produced important criticism on art opera jazz and literature which acts as a key commentary on twentieth century intellectual movements and demonstrates vividly the constant refashioning and reformulation of contemporary ideas and aesthetics. Hand defines and situates Leiris's core themes analyses his criticism in each of the art areas examined and delineates the model that emerges of a contrapuntal and heterogeneous critical identity.

Correspondence Georges Bataille, Michel Leiris, 2008 In the autumn of 1924 just before André Breton published the *Manifeste du surréalisme* two young men met in Paris for the first time Georges Bataille 27 starting work at the Bibliothèque Nationale Michel Leiris 23 beginning his studies in ethnology. Within a few months they were both members of the Surrealist group although their adherence to Surrealism unlike their affinities with it would not last long in 1930 they were among the signatories of *Un cadavre* the famous tract against Breton the Machiavelli of Montmartre as Leiris put it. But their friendship would endure for more than 30 years and their correspondence assembled here for the first time in English would continue until the death of Bataille in 1962. Including a number of short essays by each of them on aspects of the other's work and excerpts on Bataille from Leiris's diaries this collection of their correspondence throws new light on two of Surrealism's most radical dissidents.

One of the towering classics of twentieth century French literature Phantom Africa is a singular and ultimately unclassifiable work a book composed of one man's compulsive and constantly mutating daily travel journal by turns melodramatic self deprecating ecstatic and morose as well as an exhaustively detailed account of the first French state sponsored anthropological expedition to visit sub Saharan Africa In 1930 Michel Leiris was an aspiring poet drifting away from the orbit of the Surrealist movement in Paris when the anthropologist Marcel Griaule invited him to serve as the secretary archivist for the Mission Dakar Djibouti a major collecting and ethnographic journey that traversed the African continent between May 1931 and February 1933 Leiris while maintaining the official records of the mission documenting the team's acquisitions and participating in the research also kept a diary where he noted not only a given day's activities and events but also his impressions his states of mind his anxieties his dreams and even his erotic fantasies Upon returning to France rather than compiling a more conventional report or ethnographic study Leiris decided simply to publish his diary almost entirely untouched aside from minor corrections and a smattering of footnotes The result is an extraordinary book a day by day record of one European writer's experiences in an Africa inexorably shaded by his own exotic delusions and expectations on the one hand and an unparalleled depiction of the paradoxes and hypocrisies of conducting anthropological field research at the height of the colonial era on the other Never before available in English translation Phantom Africa is an invaluable document If the book is a stone marking a bend on a path that is entirely personal as Leiris himself described it years later it is also a book whose broad canvas bears witness to the full range of social and political forces reshaping the African continent in the period between the World Wars *Michel Leiris and Picasso's Human Condition* Julia Alexandra Kelly,1994 *Michel Leiris* Pierre Chappuis (Homme de lettres.),Michel Leiris,1973
