Nature-Based Solutions to Climate Change Adaptation in Urban Areas Nadja Kabisch, Horst Korn, Jutta Stadler, Aletta Bonn, 2017-09-01 This open access book brings together research findings and experiences from science policy and practice to highlight and debate the importance of nature based solutions to climate change adaptation in urban areas. Emphasis is given to the potential of nature based approaches to create multiple benefits for society. The expert contributions present recommendations for creating synergies between ongoing policy processes, scientific programmes and practical implementation of climate change and nature conservation measures in global urban areas. It discusses a wide variety of technology applications that will define the next generation of the microfinance movement and it addresses the tough questions surrounding technology in microfinance. For instance, what are the disadvantages of technology-enabled microfinance and what will it mean for the inclusiveness and empowerment of the service? This dynamic collection is a must-have for anyone interested in microfinance, whether you are a donor, lender, or investor. **Essentials of Economics** Bradley R. Schiller, 2007 *Essentials of Economics* is the market leader for the one-semester survey course. In just about 400 pages, it provides a solid introduction to the core concepts of economics with an emphasis on real-world examples and current events. *Essentials* has earned its popular success because, unlike other books on the market, it is free of the abstract and complex theory that requires more time than this course allows. Instead, the text is clean and concise, with many examples of significance to students today, including Headlines and Policy Perspectives that use current events to help illustrate the topics discussed. This real-world policy emphasis is a distinctive feature of Schiller's text and is integral to its dominance of the survey text market. **The Macroeconomy Today** Bradley R.
