Read the short passage and answer the questions.

## The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

**2009** E-flux (Artists' corporation),2009 Since Conceptualism the field of art has become increasingly accustomed to playing host to its own critique and recent decades have seen institutions engaged in self critique as if by mandate Important notions of legibility autonomy and critical engagement that were once necessary to carve out a space for a critic or critical art publication have transposed themselves onto artistic production proper and are now considered to be of equal importance to artist curator institution and engaged audience member alike This has made the distance that was once the bedrock of criticism increasingly hard to come by compounded by the fact that those same institutions have been faced with an entirely widened base of audiences and professionals who now come to the sphere of art from diverse fields and locations invariably entering and leaving it as they wish This climate of disciplinary reconfiguration and geographic dispersal has made the art world a highly complex place the objective position that once defined the role of a critic has been effectively replaced by a need to understand just how large and varied the whole thing has become The urgent task has now become to engage the new intellectual territories in a way that can revitalize the critical vocabulary of contemporary art Perhaps the most productive way of doing this is through a fresh approach to the function of an art journal as something that situates the multitude of what is currently available and makes that available back to the multitude Publisher s website
