This book is going to tell you a little bit about yoga I am not going to go very deeply in to the esoteric and traditional aspects of yoga because that knowledge is only gained through years of training by a wise and experienced guru but you are going to get to know more about this ancient tradition which has come down to benefit mankind down the ages What is Yoga Ask any health conscious person this question and he is going to inspect the ceiling thoughtfully and say something on the lines of ahhh umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes These exercises are to get rid of weight and will make sure that you keep fit fine and healthy When you nod and say Go on he is going to continue enthusiastically And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done Hold it right there You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting This idea that you have to chant instant mantras in praise of the gods is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition That is because they consider this to be religion area and civilization specific This is definitely not so An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered But you are not a Hindu So why would you want to practice yoga And then she shrugged her shoulders and said Well I guess it is just a passing phase this interest in yoga This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy And I am glad to see that she has been proven wrong because Yoga is definitely not a fad It is not here today gone tomorrow More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit Yoga has been around for more than 5000 years It has been practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation So have plenty of old

Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner

A Beginners Guide to Yoga for Balance Trey Andrews,2024-12-12 In today's fast paced world balance is often an overlooked aspect of both physical and mental health We focus on strength flexibility or cardiovascular endurance but balance an essential element of overall well being often takes a back seat Yet balance is crucial for everything from physical stability to mental clarity It forms the foundation for many other aspects of health allowing us to move through life with grace confidence and poise Yoga an ancient practice with deep roots in spiritual and physical wellness offers a holistic approach to improving balance Through a combination of postures asanas breath control pranayama and mindfulness yoga helps individuals cultivate a sense of equilibrium This balance isn't just physical though that's certainly a significant part of it it also extends to mental emotional and even spiritual realms When we think about balance in yoga we often imagine challenging poses like the Tree Pose Vrikshasana or the Warrior III Pose Virabhadrasana III However balance in yoga is much more than standing on one leg It involves aligning your body and mind developing core strength and learning to focus your thoughts It's about finding steadiness amidst the fluctuations of life both on and off the mat This book is dedicated to exploring the concept of balance through yoga Whether you're a seasoned yogi or a beginner just dipping your toes into the world of yoga this guide is designed to help you enhance your understanding and practice of balance We'll begin with the basics understanding what balance is and why it's important before moving on to specific postures sequences and techniques that can help improve your balance You might wonder why an eBook is necessary for a book about yoga and balance The truth is balance is more than just a physical skill it's a state of mind a way of life Before diving into the practical aspects of yoga for balance it's essential to set the stage so to speak This preface serves as an introduction to the journey you're about to embark on offering some context and perspective that will deepen your understanding of the material to come Balance in the context of yoga is about more than just preventing falls or maintaining a pose It's about finding harmony in all areas of life When we're balanced we're more in tune with our bodies more focused in our minds and more centered in our emotions This holistic approach is what makes yoga such a powerful tool for cultivating balance Throughout this book you'll find practical advice detailed instructions and thoughtful reflections on the practice of yoga for balance The goal is to help you build a strong foundation from which you can grow and develop your own balanced practice Whether you're looking to improve your physical stability enhance your mental focus or simply find more peace in your daily life this book is here to guide you on your journey *COSMIC BLISS by YOGA- Beginners guide Part-1* Dr. Mrudul Y.
