**Gods and Arms** Kjell-Åke Nordquist, 2013-02-12 This book brings together a variety of perspectives on how religion can be related to violence and war both in a destructive and constructive way Religion can justify and mobilize violence even terrorism or guerilla wars just like political ideology But how is such a link between religion and violent behavior established in the first place How can we go further in understanding this possible connection between religion and war Is religious peace work just the flip side of religious support of war Or can peace work be informed by knowing about how religion promotes violence and war In the search for answers to the puzzle of religion and war it is easy to focus on conflict and war situations but maybe there is as much to learn from peace work as from war studies Therefore this book also analyses religious peace work from different contexts The multifaceted presence of religion in conflict situations whether justifying violence or promoting peace is illustrated in this book using a variety of situations in an enlightening panorama of one of today s must puzzling social connections religion and armed conflict Contributors R Scott Appleby Goran Gunner Mariyahl Hoole Mark Juergensmeyer Anne Kubai Kjell Ake Nordquist Jehan Perera Jennifer Schirmer Nari Senanayake and Maria Smaberg
