the transformative space Wonderfully the author asserts it is God's intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God's heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity
