This book deconstructs the nature of Artist Management, unveiling the pivotal role of the artist manager in creating and sustaining a dynamic environment referred to as the Loop, where success is realised by navigating four variables: Risks, Relationships, Emotions, and Expectations (2Rs and 2Es) within and beyond the Loop. This book offers a new perspective on Artist Management as a sui generis discipline that does not fit easily inside standard conceptions of management. Featuring ethnography and interviews, this book sheds light on the realworld challenges and successes in the field.
