Vogue ,1943 **Mayra** Nicky Gonzalez,2025-07-17 A haunting exploration of female friendship desire and memory set against the sultry backdrop of Florida s swamplands It s been years since Ingrid has heard from her childhood best friend Mayra a fearless rebel who fled their hometown of Hialeah a Cuban neighborhood just west of Miami for college in the Northeast But when Mayra calls out of the blue to invite Ingrid to a weekend getaway at a house in the Everglades she

impulsively accepts From the moment Ingrid sets out for the house danger looms The directions are difficult she s out of reach of cell service and as she drives deeper into the Everglades the wet maw of the swamp threatens to swallow her whole But once Ingrid arrives Mayra is in many ways just as she remembers with her sharp tongue and effortless seductive beauty still thumbing her nose at the world Before they can fully settle into the familiar intimacy of each other s company their reunion is spoiled by the reemergence of past disagreements and the unexpected presence of Mayra s new boyfriend Benji The trio spend their hours eating lavish meals and exploring the labyrinthine house which holds as much mystery and danger as the swamp itself Indoors and on the grounds time itself seems to expand and Ingrid begins to lose a sense of the outside world and herself Against this disquieting setting where lizards dart in and out of porches and alligators peek up from dark waters Gonzalez weaves a propulsive unforgettable story about the dizzying power of early friendship and the lengths we ll go to earn love and acceptance even at the risk of losing ourselves entirely

Revolutionary Pricing Matthew Bamigbose,2022-10-31 Pricing your services products is the most important decision when you are looking to sell something online The Internet offers customers thousands of choices so you need to be on par with your competitors Price completely determines how long you can stay in the market You should have a clear idea of the price How far can you push it How often should I check prices Much depends on how you handle this stage of your business First you need to identify a group of consumers then estimate how much they are willing to pay for your service or product But apart from that you also have to make sure you are making a profit for yourself And often these two requirements can conflict Different people price products in different ways Some are science based some are not This is a procedure that works based on the understanding of production costs customer expectations and other players in the field
