Book Tide Rips Back Eddies Blackfish:

Tide Rips and Back Eddies Bill Proctor, Yvonne Maximchuk, 2015-10-10 Billy Proctor resident legend of Echo Bay BC recounts almost a century's worth of experience with this collection of stories memories and local knowledge of the central BC coast region around Blackfish Sound. Situated in the beautiful Broughton Archipelago between northern Vancouver Island and the mainland coast this region boasts a history and culture as engaging as its stunning locale and nobody tells its story quite like Proctor. A lifelong fisherman trapper logger and in later life author Proctor learned from both the indigenous Kwakwaka'wakw people and the settlers who came to live in Blackfish Sound. Along with his entertaining tales of the surrounding communities Proctor also discusses the ingenious technology necessary to both fishing and everyday survival. Covering the natural and domestic history of the area and everything in between from recollections of old time fishermen to Billy's own stories of sasquatches and other strange things Tide Rips and Back Eddies is a riveting and deeply moving account of a long and uniquely coastal life. Writing collaborator Yvonne Maximchuk's drawings illustrate Proctor's personal anecdotes as well as carefully detail an eclectic array of interesting items collected by Proctor throughout his lifetime for his personal museum. Tide Rips and Back Eddies is not only a historical archive of immeasurable significance it is a fascinating read for those interested in the Blackfish Sound region as well as an honest and whimsical look into the life and lessons learned by a local legend.

Complicated Simplicity Joy Davis, 2019-05-21 A frank practical and entertaining exploration of the pleasures and complexities of living on small islands. Many people dream of living simple lives on small islands but few are aware of some of the unique challenges that accompany this distinctive lifestyle. From negotiating surrounding waters to creating a sustainable home and making a viable life away from urban conveniences small island living can be rewarding or difficult or both depending on myriad circumstances. Complicated Simplicity: Island Life in the Pacific Northwest draws on a variety of sources to contextualize people's enduring fascination with islands worldwide including the author's own experiences growing up on Bath Island off Gabriola and her interviews with over twenty intrepid figures who live on the San Juan Islands the Gulf Islands the Discovery Islands and in Clayoquot Sound. Ingenuity tenacity and a passion for living in these special places shine through in the personal stories as does a shared concern for safety sustainability and thoughtful stewardship. Engaging inspiring and often funny Complicated Simplicity offers readers honest and useful insights on the joys perils and rewards of island life.

Arts Review, 1987 [Murder Rides A Gale Force Wind: An Island Mystery](#) Yvonne Maximchuk, 2022-07-09 WAS IT REALLY MURDER? Big crime comes to a town too small to merit even that title. Residents of the loose knit coastal community of Echo Bay struggle with the same issues as the world at large: drugs mental health racial friction sexism you name it. But everyone signs on to the code: whether you like them or not you always help someone in need. When local prawn checker Tim Connolly doesn't show up for a dinner date with his girlfriend Kit

Sampson no one is too concerned But when a body is found washed up on an islet by young boaters the discovery fragments the residents into a tumult of distrust and suspicion And then the RCMP come calling Far from the structures created to monitor and regulate larger populations these people are resourceful tough and sometimes merciless If something needs to be cleaned up they clean it up They gossip embellish draw conclusions and take action Sometimes disaster results and sometimes a fitting outcome The glorious beauty of the Broughton Archipelago with Echo Bay at the heart of its inlets and islands provides the backdrop for these colourful characters who rub along but can take justice into their own hands when one of their own breaks the social contract
