Star Invasions Compendium 2 José Anastasis, 2016-03-09 This ebook contains adult material and sexual situations and is not suitable for minors THIS IS NOT an invite to erotica or porn It s just a warning to parents to keep grown up matters at grown up levels away from children I know you are busy we re all busy Consequently for your convenience this is a shorter version of Star Invasions split into two halves at a cost savings Compendium 1 and Compendium 2 Many worlds have mysteries about their origins this world is no different In the beginning a crash destroys the alien crew s spaceship of 675 the mere 50 that survive must learn to adapt to primitive levels or perish on this strange forsaken planet The leader that emerges develops a rational less emotional demeanor that must lead his marooned people under life threatening circumstances The obvious genre to put Star Invasions in would be Sci Fi yet Star Invasions is so much more It s A cunningly crafted plot with characters that leap right off the page as fully formed personalities Even it s An edgy mysterious Sci Fi adventure with non stop action DOES NOT do it justice The actual story narrative crosses into many genres including Political Fiction Historical Fiction Romance Suspense Mystery that might morph into a trilogy Books that try to transcend boundaries and genres are ambitious but generally a bit of a let down and in my experience a good synopsis rarely lives up to the expectation However Star Invasions proved to be everything I hoped it would be and more Star Invasions deals with five essential fledgling nations and potentially two hundred years of their history as depicted by individual characters with parallels to a certain planet except for a nation of aliens including a reversal of a famous Civil War Star Invasions inspired one anonymous reader to evaluate this new literary work in this fashion Mysterious captivating and suspenseful I thoroughly enjoyed it from beginning to end Wonderful and magical story A series of preliminary geo political map outlines of this world are uploaded at the Page Star Invasions Maps on Facebook organized into a photo album along with book cover pics and planet landscape vistas
