Stanton, 2001 Etzel Walker Stanton's Marketing 12th Edition will continue to be a low cost alternative in a paperback format now including free access to PowerWeb. It incorporates technology throughout in text and boxed examples chapter opening cases and part ending cases. This book was the first to incorporate WWW addresses and in this edition the authors go well beyond that with an in depth look at how companies are making technology an important part of their successful marketing strategies. The authors have also made it a priority to integrate other important and current themes such as global marketing, customer relationships, small business and entrepreneurship. In this edition the global marketing chapter was moved to the first part of the book chapter 3 to introduce its importance early. Global examples and coverage are then integrated throughout. This edition offers a completely new design, a revised supplements package, a new interactive web page and a special package with Annual Edition online. *Management Information Systems* David Lee Anderson, 2000 This text uses cases to explain Management Information Systems concepts within an industry perspective. The cases are direct, real and written in the late 90's. Each chapter contains specific sections to thoroughly present and explain the relevant information systems and business concepts. Built upon extensive information technology sections, this text includes contextual elements such as actual financial information and analysis, the importance of data and the impact of technology on the manufacturing, marketing and distribution processes. An appropriate text for Management Information Systems. Management Information Systems James A. O'Brien, 2004
