Penn State University approaches immigration from historical economic business and sociological perspectives in order to argue that treatment of immigrants must reflect and applaud their critical roles in supporting and leading the economic social cultural and political institutions of civil society. Approaching immigration as both a socioeconomic phenomenon and a matter of public policy, *The Danger of Devaluing Immigrants* offers demographics and statistics on workforce participation and job creation along with stories of individual immigrants' contributions to the economy and society. It supports the idea that when immigration is challenged in the political sphere we must not lose sight of the valuable contributions that immigrants have made and will continue to make to our democracy. **Food and Beverage Management** April

Merenda, 2025-12-03. *Food and Beverage Management* provides undergraduate tourism, hospitality, and events management students with a comprehensive overview of food and beverage operations alongside broader trends including technological innovations and sustainability goals. Structured into four parts, this textbook examines The role of food and beverage in the tourism, hospitality, and events industries and the essentials of planning and managing operations. A variety of food and beverage contexts including catering for global events, resorts, cruise ships, and quick service and elevated dining experiences. Contemporary trends in culinary tourism and the influence of social media, celebrity chefs, and the Michelin Guide on the industry. The impact of technology and sustainability practices on the sector and opportunities for long term growth aligning with environmental, social, and governance (ESG) principles. *Food and Beverage Management* includes real world examples from Uber Eats, The White Lotus, Taylor Swift's Eras Tour, and the rise of gastro tourism in destinations such as Belize and New Orleans. With in-text learning features including learning objectives and reflective questions, insights from practitioners who work in food and beverage management, and online resources including PowerPoint lecturer slides, this textbook will prepare students and entrepreneurs for a career in tourism, hospitality, and events.

**Introduction to Information Systems** R. Kelly Rainer, Brad Prince, 2023-09-20. *Introduction to Information Systems* 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students will see how global businesses use technology and information systems to increase their profitability, gain market share, develop and improve their customer relations, and manage daily operations. This course demonstrates that IT is the backbone of any business, whether a student is majoring in accounting, finance, marketing, human resources, production operations management, or MIS.

In short, students will learn how information systems provide the foundation for all modern organizations, whether they are public sector, private sector, for profit or not for profit. **Unscalable** Charlie Guo, 2016-01-19. In *Unscalable*, startup founder and software engineer Charlie Guo uncovers the lesser known backstories of failure and success in interviews with some of the most daring founders in Silicon Valley. While much is made of the mythology of brilliant leadership and overnight success stories, these interviews pull back the veil on a much more eclectic mix of strategies and experiments, revealing the longer and less predictable road to success in Silicon Valley. Guo gives us a look at the edgier moments behind the glamor of the

tech boom To the question Will it scale this book suggests that more often than not the answer may be No especially as fledgling ideas try to shape shift their way into actual products and companies Some of those new entities will themselves spawn new startups while some will fade into oblivion From vacuuming out hundreds of cars in a green vest to learning that Britney Spears was their newest account founders share the peaks and valleys that have made startups one of the most riveting stories of the century
