Memes Today Today Open Now:

Culture, International Transactions and the Anthropocene Lourdes Arizpe Schlosser, 2018-07-19 This book analyses how global transactions have been progressively conducted and negotiated in the last 25 years Achieving a new understanding of sustainability transition in the Anthropocene requires a deeper analysis on culture The development of new positions of international institutions national governments scientific organizations private fora and civil society movements on culture and nature shows how global transactions must take place in a rapidly transforming world In her book the author provides a multi situated ethnography of live debates on culture global environmental change development and diversity directly recorded by the author as a participating and decision making anthropologist from 1988 to 2016 She examines the politicization and internationalization of culture by recognizing negotiating and diversifying views on cultures and re thinking culture in the Anthropocene The merging of science and policy in taking up cultural and natural challenges in the

Anthropocene is discussed **The Meme as the Message** Joanna Nowotny, Julian Reidy, 2025-10-31 This book sheds light on the phenomenon of memes covering everything from pandemic humour to far right propaganda from feminist memes to algorithmic censorship Memes are far more than light entertainment they are complex cultural artefacts that play a role in politics in art and in platform economics Taking a cultural studies perspective the authors analyse individual memes in entertaining case studies systematising their findings in order to redefine this digital form of communication Chapters connect memes with other digital phenomena such as trolling and combine extensive close readings of exemplary individual memes with regards to form and aesthetics with an acute awareness of power dynamics and other context phenomena surrounding memes The book develops an innovative theoretical approach that presents the term memesis to capture the very specific quality of meme production and reception as a form of collective creative rewriting of a template in accordance with algorithmic logic Offering an important contribution not only to the still young field of meme studies but also to the general negotiations of questions around digital literacy this book will interest not only scholars and students of digital media visual communication cultural studies and media and politics but anyone with a keen interest in digital culture and how it shapes our lives **Critical Internet Literacies** Jamie Cohen, 2024-12-30 An introductory critical internet studies text that

builds upon media literacy and digital culture theory to offer a thorough examination of the intersection of online technology and culture We are now collectively at a hinge point in the evolution of the web where online influencers can sway national discourse geopolitical events are remixed through memes and online harms are misunderstood This book argues that people are generally aware that online media has repercussions in off platform spaces but sometimes lack the language to properly critique online trends memes and internet born media How are citizens activists and marginalized groups able to use these tools effectively and safely in these times Jamie Cohen explores aspects of internet culture in an approachable manner building upon critical media literacy and applying a critical technocultural analysis as a methodology to reimagine how media

literacy can operate in an online media environment The book explores key topics such as accessibility the creator economy content moderation tech bias platform capitalism internet culture and safety Offering a new way of reading internet media and critiquing content and creators this book is essential reading for students and scholars of digital culture internet culture media literacy social media and beyond *The Selfish Meme* Kate Distin, 2005 This book presents for the first time a fully developed and workable concept of cultural DNA
