Internet Memes and Copyright Law Brian Chun Lok Leung,2025-09-30 This book explores the intricate relationship between copyright law and internet meme culture challenging an assumption that copyright is a barrier to digital creativity Using the lens of internet memes to analyse copyright law in the context of participatory remix culture the book confronts a common perception that copyright is the destroyer of internet memes on social media platforms Following the European Union's Copyright Directive widely known as the Meme Ban this book critically examines whether copyright might instead be reimagined to foster rather than inhibit re-creations that define internet meme culture The book argues that this culture directly challenges copyright's core assumptions and proposes a new holistic approach to copyright that distinguishes between traditional and emergent forms of creative processes Arguing for a flexible interpretation of copyright that limits private proprietary rights in the case of internet memes it provides a legal framework to support socio cultural discourse without undermining copyright's foundational principles Covering core copyright concepts such as authorship idea expression originality fair dealing and user rights the book provides a compelling argument as to how copyright can adapt to the digital age as a protector of cultural expressions ensuring that internet memes are not only preserved but celebrated The book will be of interest to researchers in the field of copyright law the law of emerging technologies and intellectual property law

Meme Wars Joan Donovan,Emily Dreyfuss,Brian Friedberg,2022-09-20 A groundbreaking investigation into the digital underworld where far right operatives wage wars against mainstream America from a masterful trio of experts in media and tech Memes have long been dismissed as inside jokes with no political importance Nothing could be further from the truth Memes are bedrock to the strategy of conspiracists such as Alex Jones provocateurs like Milo Yiannopoulos white nationalists like Nick Fuentes and tacticians like

Roger Stone While the media and most politicians struggle to harness the organizing power of the internet the redpill right weaponizes memes pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole These meme wars stir strong emotions deepen partisanship and get people off their keyboards and into the streets and the steps of the US Capitol Meme Wars is the first major account of how Stop the Steal went from online to real life from the wires to the weeds Leading media expert Joan Donovan PhD veteran tech journalist Emily Dreyfuss and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of

antiesablishmentarians bond over hatred of liberal government and media Together as a motley reactionary army they use memes and social media to seek out new recruits spread ideologies and remake America according to their desires A political thriller with the substance of a rigorous history Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right And it's a warning that if we fail to recognize these powerful undercurrents the great meme war for the soul of America will soon be won *East Asian Auteurism, Cinephilia and the Media Platform Era* Dorothy Wai Sim Lau,2025-07-31 This book makes a critical intervention in the scholarship of East Asian cinema by examining how the platform driven cinephilic engagement evokes a new imaginary of auteurs While East Asian filmmakers continue to provide world screens with vibrant and innovative works in recent years their names and visions have been intensely scrutinised and renegotiated by global cinephiles on digital media platforms such as Facebook Letterboxd MUBI X and Bilibili The novel cinephilic experiences potentially problematises the authorial intent and structure legitimised by the traditional cinema thus challenging what film authorship means This monograph employs a dual structuring of auteurism and digital cinephilia to contend how East Asian auteurs brands are recoded re mobilised and reassessed by platform users As the first book length account in the area this volume calls for conceptual rethought of the auteur function in East Asia at the crossroads of film studies audience cinephilia studies and new media studies *Crushing Conceptualism in Modern Christianity* Andrew

Michael Denny,2019-09-18 A heavy spirit of conceptualism has infiltrated the modern Christian establishments Our traditions philosophies theologies etc Everything our beliefs are built upon has been influenced by an elite world class system Have you ever felt like there has to be more to our placement in this world than going through the motions of the Sunday morning ritual called church More to this thing we call Christianity If so this book is what you have been waiting for A truth movement has emerged A remnant of modern Ark Builders endeavors to awaken those who are still asleep Every day we see evidence of what the Bible describes as spiritual wickedness in high places Ephesians 6 12 Those who secretly govern our world have an agenda to unite and target professing Christians The motive is world dominance and the method is mind control to brainwash the mass into conforming to what is socially acceptable and politically correct But we are not ignorant of the enemy's strategies This book equips its readers with information exposing this deception as it bridges the gap between conspiracy theory and demonic activity You are about to open the door to a world you never knew existed a reality of which you never
