Manual de marketing político. Cómo afrontar una campaña electoral Julio César Herrero,2020-01-24 La política es un territorio de competición La necesidad de diferenciarse ante la opinión pública de conquistar espacio en los medios de comunicación la dificultad de captar la atención de un electorado que recibe cada vez más estímulos y sobre todo la certeza de que el apoyo ciudadano es un bien limitado son solo algunos de los factores que hacen de la campaña electoral un espacio en el que la esencia competitiva de la política alcanza su culmen Para disputar cualquier competición es necesaria la técnica Para avanzar por un territorio de orografía compleja es necesario un conocimiento previo del terreno un mapa brújula ropa adecuada a las circunstancias climatológicas y capacidad para enfrentarse a grietas inesperadas en los senderos Así para disputar unas elecciones el análisis es más relevante que la intuición la planificación ha de ganarle espacio a la improvisación la estrategia ha de descartar las ocurrencias y el orden es la frontera en la que mejor puede descollar la creatividad Un trabajo exitoso en campaña depende más del método que del genio Los profesionales de la estrategia el marketing y la comunicación política y electoral han de nutrirse más del estudio el conocimiento y el rigor académico que de las pretendidas cualidades del gurú Estas premisas alientan el presente libro conformado por textos elaborados por un grupo heterogéneo de académicos y profesionales tanto españoles como latinoamericanos Sus contenidos lejos del localismo aportan un método de trabajo aplicable a cualquier entorno a partir de la combinación de fundamentos académicos y prácticos que lo convierten en una obra pionera única en nuestro idioma
