Netted Rainbows Netted Rainbows:

The Sky Is Smiling Kevin Munro, 2015-04 I was released from an in patient mental health ward in early March 2006 A trophy pictured in the preface of this book displays the date July 23 2006 as the initial USA competition poetry award That date marks the deadline of the period required for a poem to be created entered and judged All that was left for application after my 20 years of post grad training was creative writing My hidden hope was to offer in a real way an apology via deed to all those who encountered me when I was unwell There is something strange regarding that period s legal progress since society so easily ignores this as dealing with madness My elderly mother watched as my life appeared to unravel but always offered support In 2009 as she lay upon her deathbed in hospital she held the first volume for which she was my sounding board She smiled and said Well at least you have a little hope appearing now These works you hold are the collated works of this period of hurtful outpour and are continuous from early 2006 until late 2014 *The Progressive Fish Culturist* ,1989
