

Plant Life Cycles

Home Learning Challenge

Look at some plants and flowers growing in a park or a garden. Can you see different parts of the life cycle? Can you see any seeds? Have flowers grown yet? Draw or paint a picture of your favourite plant or flower.

Katie plants 3 seeds in the ground. Then Michael plants 2 seeds. How many seeds have they planted altogether? You could use your fingers or draw a picture to help you.

Objective Of Plant Life In Eyfs:

How to Lead It: Primary Science Kirsty Simkin, 2025-08-14 Finding it hard to know what to prioritise as subject lead or how to work out which research is relevant and how it applies to your subject The How to Lead It series are the go to guides for primary subject leads in schools and trusts In them you will find clear summaries of relevant research and thinking around best practice age specific and inclusive classroom examples case studies reflective questions suggestions for short PD sessions with colleagues Everything in the book is applied thoughtfully to your specific subject area These books enable busy subject leaders to confidently make good decisions for effective teaching and impactful curricula All the key elements of the primary science curriculum are explored including curriculum planning assessment modelling engagement practical science and dialogue as well as support on how to approach research and a step by step guide to implementing changes in realistic and inclusive ways *Teaching Climate Change and Sustainability in the Primary Curriculum* Karin Doull, Susan

Ogier, 2023-11-18 The first aim of the DfE's 2022 Strategy for Sustainability and Climate Change is to prepare all young people for a world impacted by climate change through learning and practical experience This practical text for new teachers empowers them to develop their knowledge and understanding of climate change and sustainability It supports them to develop confidence in discussing difficult themes and to create safe learning spaces that allow children to articulate concerns The book provides a structure for learning and teaching about climate change and sustainability across the primary curriculum All chapters are linked to relevant and authentic research and include suggestions for practical activities

Teaching the Arts in the Primary Curriculum Susan Ogier, Suzy Tutchell, 2021-05-12 Learning in the arts does not fit in with simple conventional methodologies for teaching and assessing in the traditional sense but it has an immense power to transform children's understanding of the world around them and their lives Many jobs currently and of the future will demand the skills that learning in the arts will develop This book brings Arts Education sharply into focus as a meaningful learning experience for children of pre school and primary age 3-11 years It reinforces the potential for the wide range of physical mental and emotional development through learning opportunities that engagement in arts practice facilitates Provides insight into how teachers can support children to consider contemporary challenges that face their generation Includes expert voices from the world of education to demonstrate an expansive and perhaps surprising view of where and how the Arts can be found Shows how we can bring the arts so easily into our curriculum and into our classrooms **Plant**
