Japan's Household Savings Rate International Monetary Fund,1987-01-01 This paper develops and tests a model of Japan's household savings rate based on the life cycle hypothesis that the primary motive for savings is provision for retirement The paper shows that Japan's high household savings rate in recent decades reflects the positive influence of rapid economic growth leading to a prolonged retirement period through the wealth and life expectancy effects of an income change which has initially outweighed the negative combined influence of improvements in public pension benefits and the aging of the population It projects that the savings rate will decline substantially in coming decades as the negative influence accelerates

The Geopolitics of Hydrogen Rainer Quitzow,Yana Zabanova,2025-08-08 This open access book offers a comprehensive analysis of hydrogen strategies in major economies exploring their domestic and international dimensions while highlighting the significance of bilateral and multilateral engagements The authors contextualize these strategies within the geopolitical landscape examining how governments shape the emerging hydrogen economy and the underlying interests that drive these policies Each country chapter provides an in depth review of hydrogen policy encompassing both domestic and international aspects The book delves into important stakeholder interests at the national level and considers the broader energy and foreign policy legacies that influence the evolving policy landscape By examining these factors readers gain a nuanced understanding of the multifaceted dynamics surrounding hydrogen initiatives The framing chapter establishes the pivotal role of government policy in shaping the emerging hydrogen economy providing a framework for analysis that guides the subsequent chapters It sets the stage for comprehending the complexities and interdependencies inherent in hydrogen strategies The final chapter serves as a synthesis bringing together the key findings and connecting them with the broader geopolitical context of the hydrogen sector This chapter provides valuable insights that deepen our understanding of how these strategies fit into the global landscape and their implications on international relations This book is a vital resource for policymakers researchers and industry professionals seeking an in depth exploration of hydrogen strategies By shedding light on both domestic and international dimensions and by examining the geopolitical factors at play it offers a comprehensive perspective on the current and future state of the hydrogen economy
