Brad Reynolds, 2006-05-09 The most profound and satisfying book to date about the cutting edge of Ken Wilber's integral vision. Reynolds leads us with clarity step by step through the most complex and subtle aspects of Wilber's thinking about post-modernity, post metaphysical theory, the perennial philosophy, the Combs-Wilber matrix and much more. Highly recommended for those who want to keep up with one of the great intellectual path finders of our generation. Allan Combs Ph D, University of North Carolina author of *The Radiance of Being: Understanding the Grand Integral Vision*; *Living the Integral Life*; Ken Wilber continues to push the boundaries of knowledge to ever more profound and encompassing reaches. Brad Reynolds continues to follow him and provide lucid, compelling commentaries. I am impressed by how thoroughly Reynolds has mastered Wilber's work. Roger Walsh M D Ph D, University of California author of *Essential Spirituality*; *The Seven Central Practices*; Brad Reynolds has written an eloquent, passionate, beautiful book about my ideas. I believe it will help many people come to an appreciation of a more inclusive, more comprehensive, more integral way to think and feel about the world and to find a happy, realized, awakened place in it. Ken Wilber author of *A Theory of Everything*; Incorporating a vast range of disciplines and research, Wilber's Integral Vision is currently defined as being an A-Q-A-L or all-quadrant, all-level approach to integral studies. The integration of body, mind, soul and spirit with self, culture and nature; therefore the reader will be introduced to Wilber's new integral language and his underlying organizing framework, including his most recent Phase 5. With this book the reader will learn the basic essentials needed to follow Wilber's continual theoretical expansion, including his forthcoming books and their pragmatic application, as well as reviewing his current public outreach such as with the

Integral Institute Integral University and his growing presence on the worldwide web By simplifying the details of his complex metatheory or where Wilber's coming from the reader discovers how this integral approach is capable of uniting the knowledge of modern science with the depth and meanings of ancient mysticism thus transforming the Great Chain of Being into a comprehensive post metaphysical AQAL Matrix of Spirit in action This evolutionary model also includes a cross cultural integral psychology that seamlessly integrates East and West thus clarifying today's confusing spectrum of collective worldviews and the universal stages of individual growth as well as much much more Indeed the unprecedented integrative power of Wilber's vision and its expanded influence in the first decade of the new millennium is laying the positive foundations for an integral revolution or better a natural evolution to a higher order worldwide consciousness to which we are all invited and with which this book will be a helpful user friendly guide on this exciting adventure [New Statesman](#)
