## **Needless Casualties Of War:**

**Needless Casualties of War** John Paul Jackson, 1999 Some previous printings also bear this ISBN but with slightly differing bibliographical details    **What Really Causes Needless Casualties of War?** Jonathan Paul Brenneman, 2017-08-23 Has God given his people authority over evil powers that oppress cities and nations Or have we only been authorized to cast demons out of individuals A problem came to the forefront in Christian circles in the 1990s Believers were suffering devastating demonic attack after attempting to assault regional principalities As a result of these negative and even scary experiences many concluded that God never gave us authority over these evil powers in the first place Jonathan Brenneman re examines that assessment While drawing from the lessons learned by previous leaders of the spiritual warfare movement he also challenges many deep rooted assumptions He brings to light serious scriptural problems with the position that Christians only have limited authority over Satan s power Rather than dismissing the problem of needless casualties he offers a re diagnosis of the cause Readers are saying this teaching has removed the fear and confusion surrounding the topic of spiritual warfare It also includes Modern day testimonies of overcoming severe demonic attack and the lessons learned Scriptural and historical examples of a single righteous person displacing a principality Testimonies of God s kingdom advancing regionally as Christians confront and trample on principalities How to trample on principalities Several problems with trying to distinguish between evil spirits in the second heaven and those on earth Why there are no levels of authority over Satan for Christians only all authority How Christians sometimes mentally acknowledge gospel truths but don t act accordingly How we leave a gospel position and thus become vulnerable to attack by trying to break the devil s power Why the devil has no legal rights and the difference between a legal right and a foothold How the legal approach to the demonic realm makes us vulnerable to attack How identificational repentance initiatives although bringing healing and reconciliation have been misunderstood How fear can make us vulnerable to demonic attack How to avoid the trap of practicing the presence of demons Why a heavy spiritual atmosphere is a lie Why heavy emphasis on amassing a spiritual army has become unbalanced and falls short of scripture Lone rangers of the Bible Why we should reconsider warnings about mocking Satan Should we bind territorial spirits Is our sword any different than the sword of the Lord What Really Causes Needless Casualties Of War is practical and encouraging rooted in both scripture and experience Stimulating fresh thinking it leads to a renewed vision for what God is able to do on the earth through Christ s body the church    **Politics, Ego & Command**

**Vulnerability** Brigadier General James M. Abraham, 2014-12-16 This book is about the mistakes and errors that the author experienced and witnessed in Europe during World War II The author has had feelings of sorrow about the soldiers who died needlessly and the possibility that the war might have ended sooner The book contains both what actually happened and what might have happened It is beyond belief that a fighting Third United States Army under the command of Patton would be stripped of food fuel and supplies to stop him from fighting The book then moves to the post World War II Cold War and

how it might have been different had General Patton been allowed to fight An interview with a doctor who came here from Yugoslavia provides details about how life was there The few veterans who were there and still living will recall many of the events in the book The book is written in the memory of the soldiers who died needlessly or were wounded because of the failure of command Also this book is meant to be a lasting tribute to a man who was the true warrior the best general we have ever produced and the general who the Germans feared the most General George S Patton Jr Commander of the Third United States Army

**Bill's Bible Briefs** Bill Taylor,2022-11-03 The information and teaching contained in this work is the accumulation of nearly sixty years of experience as a Christian most of that time and experience in various leadership roles from youth group officer as a teen to church elder and assistant pastor The author has been involved in numerous and varied denominational and nondenominational groups and churches and various moves of the Spirit of God within the Church It is the authoraEUR tm s strong belief that ChristaEUR tm s return is coming soon and that Jesus is calling His Bride into a level of preparedness for that day that will change the Church This work is a collection of papers written to address various issues and aspects of the Christian faith and walk These papers were written at various times over many years but primarily after 2015 Some were written from speaking notes or Sunday school lesson outlines Others were issues that the author had observed were affecting portions of the Church or revelations he felt were from the LORD Consequently the subjects are eclectic and wide ranging from spiritual gifts serving in the kingdom of God to child discipline from spiritual warfare to basic spiritual rebellion from the principle of tithing to small church groups Consequently the reader should review the list of titles and determine which topic or topics the Holy Spirit is directing him or her to read

*War and Television* Bruce Cumings,1992 Television has come to play an ever more decisive role in the preparation and planning of war as well as in its execution In War and Television Bruce Cumings carefully explores the history of television s relationship to US warmaking since World War II up to and including its presentation of the carnage in Kuwait and Iraq Cumings examines Vietnam long thought to have been the first television war but finds that characterization more apt for the Gulf conflict which was fought through packaged by and sold to the public on television At the centre of the book is the extraordinary tale of Cumings s own experience as historical consultant to a Thames Television production Korea The Unknown War and his subsequent trials with the Public Broadcasting System when the film was released for North American distribution Through the alternately funny and tragic story of the struggle with an assortment of media executives retired soldiers bureaucrats from both Koreas

and various public figures including a hilarious account of an interview with Henry Kissinger Cumings shows how the film was shaped by media managers on both sides of the Atlantic to conform to prevailing views of a war that few in the United States or Britain wish to remember with anything approaching accuracy Today there is no shortage of prognostications grim or otherwise on the role of television But there are few serious studies of the medium s everyday operations let alone of its place in politics and warfare With insight and clarity Bruce Cumings provides that much needed analysis This is a vital book for those who want to understand how and for whom television works and a sobering one for anyone who believes the medium can be used for radical ends    Assault Battle Drill James C. Fry,1955 Amerikansk bog om infanteriets kamptr ning Forfatteren var general og deltog i 2 Verdenskrig og i kampene i Korea    **War and Its Consequences** John Vianney

O'Loughlin,Tom Mayer,Edward S. Greenberg,1994    *Chemical Warfare in World War I* Charles E. Heller,1985 This Leavenworth Paper chronicles the introduction of chemical agents in World War I the U S Army s tentative preparations for gas warfare prior to and after American entry into the war and the AEF experience with gas on the Western Front Chemical warfare affected tactics and almost changed the outcome of World War I The overwhelming success of the first use of gas caught both sides by surprise Fortunately the pace of hostilities permitted the Allies to develop a suitable defense to German gas attacks and eventually to field a considerable offensive chemical capability Nonetheless from the introduction of chemical warfare in early 1915 until Armistice Day in November 1918 the Allies were usually one step behind their German counterparts in the development of gas doctrine and the employment of gas tactics and procedures    *Chinese Literature* ,1967    Cantigny at Seventy-five ,1994    Leavenworth Papers ,1979    **MacArthur's Jungle War** Stephen R.

Taaffe,1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive    **Look** ,1950    **Donovan**,

**America's Master Spy** Richard Dunlop,1982 The fascinating biography of the man who laid the foundation for the CIA One of the most celebrated and highly decorated heroes of World War I a noted trial lawyer presidential adviser and emissary and chief of America s Office of Strategic Services during World War II William J Donovan was a legendary figure This book penetrates the cloak of secrecy surrounding this remarkable man During the dark days of World War II Wild Bill Donovan more than any other person was responsible for what William Stevenson author of A Man Called Intrepid described as the astonishing success with which the United States entered secret warfare and accomplished in less than four years what it took England many centuries to develop    Norfolk and Western Magazine Norfolk and Western Railway Company,1942

**American National Biography** ,1999    **Battle for the Ruhr** Derek S. Zumbro,2006 A richly detailed epic narrative that gives the perspective of the German officers soldiers and civilians trapped in one of the bloodiest battles toward the end of World War II ultimately leading to the massacre of 350 000 German troops Shows what it looked felt and sounded like for

the German troops encircled by the Allied juggernaut in the west as the dealt with Hitler s increasingly surreal commands to stand and fight to the last man     **In the Shadow of the Holocaust** James F. Tent, 2003 James Tent recounts how these men and women from all over Germany and from all walks of life struggled to survive in an increasingly hostile society even as their Jewish relatives were disappearing into the East It draws on extensive interviews with twenty survivors many of whom were teenagers when Hitler came to power to show how half Jews coped with conditions on a day to day basis and how the legacy of the hatred they suffered still lingers in their minds
