## **Neoliberalism Normalization International Perspectives Administration:**

Neoliberalism, Economic Radicalism, and the Normalization of Violence Vicente Berdayes, John W. Murphy, 2015-12-11

This compelling volume analyzes the wide scale societal impact of neoliberal economic policy on contemporary life and behavior. Synthesizing perspectives from politics and economics with insights from psychology and linguistics, it argues that market-driven public institutions promote antisocial thinking, discourage critical reflection, and inure individuals to inequity and cruelty. Chapters cite the ubiquity of violence in modern society, from the marketing of the military to impersonal mass upheavals in the job market as devaluing human worth and thus self-worth. But the editors also assert that these currents are not terminal, and the book concludes by identifying conditions potentially leading to a more civil and egalitarian future.

Included in the coverage: The language of current economics, social theory, the market, and the disappearance of relationships; Neoliberalism and education; the disfiguration of students; Slicing up societies; commercial media and the destruction of social environments; Neoliberalism and the transformation of work; Economics, the network society, and the ontology of violence. A new economic order without violence. Given the centrality of economic events on the global stage, *Neoliberalism, Economic Radicalism, and the Normalization of Violence* stands out as both a springboard for discussion and a call to action to be read by political and cultural economists, political scientists, and sociologists.

*Critical Perspectives on International Education* Yvonne Hébert, Ali A. Abdi, 2013-02-11

In rapidly globalizing spaces of life, any research project on international education would necessarily have multi-directional emphases, with the quality of observations and analyses reflecting the expanding political, economic, and cultural intersections which characterize this potentially promising century. To respond to these emerging learning and living contexts of our world, this book brings together some of the most active and established scholars in the field. As such, the book represents important epistemic interventions that analyze and critique the institutional, socio-economic, linguistic, and pedagogical platforms of international education. As the locus of international education cannot be detached from the pragmatics of social development, the specific recommendations embedded in this book expand the debates and broaden the boundaries of learning projects that should enhance the lives of people, especially those who are continually marginalized by the regimes of globalization. Thus, the book actively advocates for possibilities of human well-being via different formats of education in diverse locations of life.

*Critical Perspectives on International Education* offers a historically comprehensive, intellectually honest, and perspective-rich scholarly exploration of a new education globalization dynamic. This book courageously offers up diverse voices gathered into a robust and useful conversation regarding global education. This book adds greatly to understanding why educational marketplaces must be driven by principles and practices that empower diverse peoples to secure sustainable knowledge benefits that contribute to personal, local, national, and international well-being. This critical perspective reader will engage scholars, researchers, and citizens. Jim Paul, University of Calgary.

In the current intensifications of globalization and its resulting inequalities, it is crucial to better understand the role

of knowledge creation and knowledge dissemination Should knowledge be only a commodity to be sold in the market and a tool to increase economic capital or should it be a shared sociocultural capital aimed at improving democracy and the common good In *Critical Perspectives on International Education* Yvonne H bert and Ali A Abdi assemble an impressive array of contributions from all over the world that address this question from a variety of critical perspectives and case studies I recommend this book to everyone interested in the connections between education citizenship development and human well being Daniel Schugurensky Arizona State University     *The Neoliberal State, Recognition and Indigenous Rights* Deirdre Howard-Wagner, Maria Bargh, Isabel Altamirano-Jiménez, 2018-07-25 The impact of neoliberal governance on indigenous peoples in liberal settler states may be both enabling and constraining This book is distinctive in drawing comparisons between three such states Australia Canada and New Zealand In a series of empirically grounded interpretive micro studies it draws out a shared policy coherence but also exposes idiosyncrasies in the operational dynamics of neoliberal governance both within each state and between them Read together as a collection these studies broaden the debate about and the analysis of contemporary government policy The individual studies reveal the forms of actually existing neoliberalism that are variegated by historical geographical and legal contexts and complex state arrangements At the same time they present examples of a more nuanced agential bottom up indigenous governmentality Focusing on intense and complex matters of social policy rather than on resource development and land rights they demonstrate how indigenous actors engage in trying to govern various fields of activity by acting on the conduct and contexts of everyday neoliberal life and also on the conduct of state and corporate actors     **Educational Administration and Leadership Identity Formation** Eugenie A. Samier, Peter Milley, 2020-07-30 *Educational Administration and Leadership Identity Formation* explores approaches and issues that arise in leadership identity formation in a variety of educational contexts Bringing together a range of national and international contributions this volume provides a global perspective on this multi dimensional topic This book examines the theoretical foundations relevant to identity and identity formation and their implications for researching and teaching in educational administration and leadership It includes a range of sociological psychological political cultural and socio linguistic approaches to examining leadership identity formation It also addresses models practices and experiences that vary according to identity politics cultural difference and historical and contemporary privilege in leadership identity formation Working from theoretical and practice base perspectives this book will be of great interest for researchers practitioners policy makers and academics as well as students in teacher education programs and graduate courses in educational administration and leadership organisational studies and educational ethics for broad international use     *Biopolitical Disaster* Jennifer L. Lawrence, Sarah Marie Wiebe, 2017-07-14 *Biopolitical Disaster* employs a grounded analysis of the production and lived experience of biopolitical life in order to illustrate how disaster production and response are intimately interconnected The book is organized into four parts each revealing how socio environmental consequences of

instrumentalist environmentalities produce disastrous settings and political experiences that are evident in our contemporary world Beginning with Commodifying crisis the volume focuses on the inherent production of disaster that is bound to the crisis tendency of capitalism The second part Governmentalities of disaster addresses material and discursive questions of governance the role of the state as well as questions of democracy This part explores the linkage between problematic environmental rationalities and policies Third the volume considers how and where the de valuation of life itself takes shape within the theme of Affected bodies and investigates the corporeal impacts of disastrous biopolitics The final part Environmental aesthetics and resistance fuses concepts from affect theory feminist studies post positivism and contemporary political theory to identify sites and practices of political resistance to biopower Biopolitical Disaster will be of great interest to postgraduates researchers and academic scholars working in Political ecology Geopolitics Feminist critique Intersectionality Environmental politics Science and technology studies Disaster studies Political theory Indigenous studies Aesthetics and Resistance      *Global Governance in Question* Susanne Soederberg, 2006-02-20 A critical Marxist introduction to global governance      **Linguistics and Language Behavior Abstracts** , 2006-10      **Performing America Abroad** Leopold Lippert, 2018 What happens to America when it does not coincide with the geographical and institutional boundaries of the U S nation state What does America mean when it is performed abroad and circulates among populations and publics outside U S national contexts Performing America Abroad explores an unlikely American studies archive contemporary cultural performances in Austria and Germany which refer to the American cultural imaginary but enact it with a transnational difference The book discusses the ambivalent cultural politics of these enactments in the context of neoliberal capitalism specifically it looks at several cross racial performances of Indianness on various Austrian stages it examines queer political demonstrators on Vienna s central Ringstrasse who celebrate the legacy of the 1969 New York Stonewall riots and it discusses the Americanness of a series of theatrical adaptations of Arthur Miller s 1949 play Death of a Salesman in Germany and Austria      **From Crisis to Austerity** Tim Fowler, 2013 The Great Recession was the largest crisis of capitalism since the Great Depression and the largest crisis in neoliberalism to date sending shockwaves throughout the global economy States scrambled to right the sinking capitalist ship in order to maintain high levels of accumulation In Canada as in so many other countries the state introduced austerity measures aimed at organized labour and the broader working class This volume explores the political economy of The Great Recession in Canada and focuses on how labour has responded to the crisis neoliberalism and austerity measures Table of Contents 1 From Crisis To Austerity An Introduction Tim Fowler 2 The Canadian State and the Crisis Theoretical and Historical Context Stephen McBride Heather Whiteside 3 From the Great Recession of 2008 2009 to Fiscal Austerity The Role of Inequality Akhter Faroque and Brian K MacLean 4 Neoliberalism Capitalist Crisis and Continuing Austerity in the Ontario State Tim Fowler 5 Collective Bargaining in a Time of Austerity Public Sector Unions and the University Sector in Ontario Mathew Nelson James Meades 6 We Will Fight This

**The New Political Economy of Disability** Georgia van Toorn,2021-02-22 This book addresses the ways in which individualised market based models of disability support provision have been mobilised in and across different countries through cross national investigation of individualised funding IF as an object of neoliberal policy mobility Combining rich theoretical and interdisciplinary perspectives with extensive empirical research the book provides a timely examination of the policy processes and mechanisms driving the spread of IF amongst countries at the forefront of disability policy reform It is argued that IF s mobility is not attributable to neoliberalism alone but to the complex intersections between neoliberal and emancipatory agendas and to the transnational networks that have blended the two agendas in new ways in different institutional contexts The book shows how disability rights struggles have synchronised with neoliberal agendas which

explains IF s propensity to move and mutate between different jurisdictions Featuring first hand accounts of the activists and advocates engaged in these struggles the book illuminates the consequences and risks of the dangerous liaisons and political trade offs that seemed necessary to get individualised funding on the policy agenda for disabled people It will be of interest to all scholars and students working in disability studies social policy sociology and political science more generally
