With chapters from international contributors, the book presents historical and contemporary developments, innovations, laws and legislation, research and analysis using qualitative, quantitative and mixed method approaches to the adoption and continuous usage of these technologies and platforms. This timely collection offers valuable insights and empirical findings for bank executives, regulators, payment associations, VISA, MasterCard, etc., policymakers, FinTech, BigTech, and start-up leaders who express interest in blockchain, metaverse, digital payments as well as academia and researchers in the fields of business management, digital economy, digital technologies and digital marketing.

**Creating Responsible and Inclusive Fashion Brand Narratives** Emily Huggard, 2025-09-05

This book introduces the theories and frameworks necessary to drive meaningful social change in fashion brand communication, illustrating their applications with examples of brands that prioritize social justice, decolonization, and environmental sustainability in their practices and communication strategies. Drawing on social consumer and cultural theories such as Indigenous dress theory, circularity, fat liberation, and social reproduction, this book encourages students to think critically about brand communication in ways that are relevant, impactful, and aimed at transforming discourse and ideologies rather than focusing solely on products. Through case studies ranging from Polo Ralph Lauren's collaboration with Indigenous weaver Naomi Glasses to material regeneration at Veja, the authors demonstrate how these narratives can be applied in practice while raising ethical questions about transparency and authenticity in fashion brand messaging. Readers will not only

gain an understanding of why more inclusive and equitable brand narratives are essential but also develop the knowledge and critical thinking skills needed to analyze interpret and contribute to the ongoing transformation of fashion brand storytelling Creating Responsible and Inclusive Brand Narratives will be of interest to advanced students of Fashion Communication Marketing and Brand Management
