A Forest of Doors L. A. Muse, 2013 **Wonderfully Made** Francis Joel Smith, Michele DuBroy, 2018-08-16 From the moment Hugh Dermott O Connor later to become Francis Joel Smith was conceived God's perfect plans for his life were already in motion. Born with Treacher Collins syndrome a rare genetic disorder that affects the formation of the face during the first trimester of pregnancy. Infant Hugh's face was so severely deformed emergency surgery was performed moments after his birth just so he could breathe. Soon thereafter he was deemed deaf and retarded. If Infant Hugh survived it was believed he was destined to live out his life inside the walls of an institution. Yet his medical team fought valiantly to save this helpless infant's life. The LORD had other plans. Decades earlier his God fearing God loving adopted parents Bob and Betty Smith were divinely brought together and prepared and placed exactly where they needed to be in order to take this struggling suffering child who battled for survival into their home just as they already had with ten other challenged and rejected children they adopted before him. His foster mother Mrs Lillian Collins a loving Christian woman fought to sustain him and meet his immediate needs that included his first hearing aid and hefty doses of prayer. At two and a half years old he was seamlessly integrated into the Smith household where daily scripture readings and prayer nourished him spiritually and relentless ongoing tube feedings nourished him physically. Above all Bob and Betty taught their children to love the LORD no matter what and to never give into their challenges. The LORD steadily provided for their needs and through prayer and loving guidance every challenge was met head on. Today Dr Francis Joel Smith is a PhD medical researcher in craniofacial development and is a world renowned speaker musician and advocate for those who suffer from craniofacial anomalies as he has. **The Orphan** Audrey Punnett, 2014-06-21 The orphan a journey to wholeness addresses loneliness and the feeling of being alone in the world two distinct characteristics that mark the life of an orphan. Regardless if we have grown up with or without parents we are all too likely to meet such experiences in ourselves and in our daily encounters with others. With numerous case examples Dr Punnett describes how loneliness and the feeling of being alone tend to be repeated in later relationships and may eventually lead to states of anxiety and depression. The main purpose of this book is not to just stay

within the context of the literal orphan but also to explore its symbolic dimensions in order to provide meaning to the diverse experiences of feeling alone in the world back cover [An Orphan's Journey](#) Rosie Goodwin, 2022 Growing up in extreme poverty in London Pearl thinks life can get no worse But when her parents discover there's yet another baby on the way they have to tighten the belt even further Pearl's mother decides to send her and her younger sister Eliza to the workhouse where they are forced into a new life of hardship and struggle Pearl's hopes are raised when the workhouse offers the sisters a new life in Canada and they board an orphan ship transporting unwanted children across the seas She hopes their luck has finally changed when she and Eliza are hired by the kindly Mrs Forbes to work in her grand house together But when Pearl meets their mistress's bullying son Monty he reveals he will stop at nothing to make her life a misery
