100% Online

What Is OSHA 30-Hour Training?

OSHA 30-hour training for construction and general industry prepares supervisors and workers to avoid workplace safety and health risks. Topics covered in OSHA 30-Hour training include general worksite safety, avoiding common hazards, understanding workers' rights, employer responsibilities and more.

Train with OSHA Education Center at your own pace and earn an official OSHA 30 card from the U.S. Department of Labor (DOL) — a common requirement for employment in construction and other industries.

Which OSHA Card Do I Need?

Construction

Designed for workers in construction, demolition, building development and other fields in the construction industry.

General Industry

Designed for workers in health care, factory operations, warehousing, manufacturing, storage and more.

The best way to make sure you get the right OSHA card is to ask your employer which card is required for your position and work responsibilities.

That way you will know which OSHA 30 online course is best for you.

OSHA 30 Card Benefits

An OSHA 30 card proves you completed 30 hours of training on recognizing and avoiding jobsite hazards. Supervisors and safety professionals with an OSHA 30 card have deep and varied knowledge on workplace safety and health risks.

Does the OSHA 30-Hour Card Expire?

Your OSHA 30 card will never expire, but your employer may require you to retake the course every three to five years to refresh your knowledge and stay up-to-date with OSHA safety standards. If your OSHA card was issued more than five years ago, some employers may not accept it.
