[Reducing the Risks from Occupational Noise](#) European Agency for Safety and Health at Work, 2005 Every day millions of employees in Europe are exposed to loud noise at work. This is the case not just in heavy industries but also in a wide range of sectors including agriculture and service industries. Noise at work has been designated as the theme for the European Week for Safety and Health 2005 and this report examines noise control measures including relevant European Directives and supporting international standards. It looks at interventions in the workplace to examine and prevent the risks arising from noise exposure in terms of personal social and economic cost of ill health and accidents.
