Chan, A brilliant general in the service of Venice Othello is also the new husband of the adoring and young Desdemona whose innocent hero worship has blossomed into love But can a beautiful girl so much younger than her husband truly be faithful Othello's trusted ensign Iago seems to think not Can Othello trust him Can Othello trust anyone Manga Classics presents Shakespeare's classic story of love hate vengeance and betrayal in its full original glory This volume features the complete unabridged text from the Shakespeare Play Othello in European Culture Elena Bandín Fuertes, Francesca Rayner, Laura Campillo Arnaiz, 2022-05-15 This volume argues that a focus on the European reception of Othello represents an important contribution to critical work on the play The chapters in this volume examine non anglophone translations and performances alternative ways of distinguishing between texts adaptations and versions as well as differing perspectives on questions of gender and race Additionally a European perspective raises key political questions about power and representation in terms of who speaks for and about Othello within a European context profoundly divided over questions of immigration religious ethnic gender and sexual difference The volume illustrates the ways in which Othello has been not only a stimulus but also a challenge for European Shakespeares It makes clear that the history of the play is inseparable from histories of race religion and gender and that many engagements with the play have reinforced rather than challenged the social and political prejudices of the period
