Otro Cielo Otros Poemas Mini Letras:

Otro cielo, otros poemas / Another Heaven, Other Poems Mario Benedetti, 2006-11-20 **Alguna enfermedad muy grave** Ena Lucía Portela, 2006 Letras libres , 1999 Índice de las letras , 1962 Poesía Española , 1963 **La Libertad cristiana** , 1892 **El Perú ilustrado** , 1887 Índice de artes y letras , 1962 Gráfica , 1957 Aguila mexicana , 1989 Fronteras de la modernidad en América Latina Hermann Herlinghaus, Mabel Moraña, 2003

Fronteras de la modernidad designa el espacio conceptual e historizador que reuniera en el III Congreso Internacional de Estudios Culturales de la Universidad de Pittsburgh realizado en marzo de 2002 una gran diversidad de investigadores que han llegado a reformular las premisas de los estudios culturales las humanidades y las ciencias sociales en las últimas décadas. Un rasgo particular común en esos debates es la articulación de estrategias de descolonización del pensamiento de la modernidad realizada sin expulsar ese concepto del horizonte teórico. Las más innovadoras posiciones críticas reclaman hoy la independencia epistemológica de lo que se solía llamar periferia latinoamericana usando las metáforas frontera y margen para desarrollar proyectos teóricos situados más allá o más allá de las dicotomías normativas de la modernidad. Pensamiento de búsqueda que se enfrenta a las agudas crisis producidas por la avanzada globalización a través de un constante sondeo crítico de sus herramientas analíticas y hermenéuticas. El congreso realizado en Pittsburgh logró reunir a los especialistas más renombrados y originales que hoy articulan la agenda teórica de los estudios culturales y las ciencias sociales en el ámbito del latinoamericanismo internacional. El foro contó con la participación de Renato Ortiz, Nicolás Casullo, Santiago Castro Gómez, Oscar Guardiola Rivera, Tulio Halperín Donghi, Bolívar Echevarría, John Kruttschnitt, Francine Masiello, Adriana Rodríguez Prats, Sylvia Molloy, Javier Sanjinés, Román de la Campa, José Manuel Valenzuela, Cynthia Steele, Renato Rosaldo, Hans Ulrich Gumbrecht, Jens Andermann, Carlos Pereda, Enrique Dussel, Ernesto Laclau, Jesús Martín Barbero, Diana Taylor, Carlos Monsivís y Michael Taussig. El presente volumen reúne los aportes de estos investigadores como contribución a los debates actuales insertando en estos propuestas provocadoras y profundas llamadas a influir de manera certera en la agenda teórica de las próximas décadas. At the III International Congress of Cultural Studies of the University of Pittsburgh held in March 2002, Fronteras de la modernidad designated the conceptual and historicizing space that brought together a great diversity of researchers who reformulated the premises of cultural studies, humanities and social sciences in recent decades. A particular feature common in these debates is the articulation of strategies for the decolonization of thought in the modern world carried out while keeping this concept within the theoretical horizon. The most innovative critical positions today claim the epistemological independence of what used to be called the Latin American periphery using the border and margin metaphors to develop theoretical projects located beyond or closer to the normative dichotomies of modernity. This line of inquiry faces the acute crises produced by advanced globalization through a constant critical survey of its analytical and hermeneutical tools. The congress held in Pittsburgh brought together the most renowned and original specialists who

articulate the theoretical agenda of cultural studies and social sciences in the field of international Latin Americanism today. The forum included the participation of Renato Ortiz, Nicolás Casullo, Santiago Castro Gómez, Oscar Guardiola Rivera, Tulio Halperín Donghi, Bolívar Echevarría, John Kraniuskas, Francine Masiello, Adriana Rodríguez Párrico, Sylvia Molloy, Javier Sanjinés, Román de la Campa, José Manuel Valenzuela, Cynthia Steele, Renato Rosaldo, Hans Ulrich Gumbrecht, Jens Andermann, Carlos Pereda, Enrique Dussel, Ernesto Laclau, Jesús Martín Barbero, Diana Taylor, Carlos Monsivís, and Michael Taussig. This volume brings together the input of these researchers as a contribution to current debates, inserting into them provocative proposals which bound to strongly influence the theoretical agenda of the coming decades.
