Dutch Silver J.W. Frederiks, 2012-12-06. The fourth volume on Dutch silver deals with those embossed ecclesiastical and secular objects which are not described in Volume I. Since that volume is confined to plaquettes, tazze and dishes together with the complete oeuvre of the three most famous artists Adam and Paul van Vianen and Lutma, a large variety of objects remains to be dealt with. Amongst these are many very important and beautiful vessels. The principal pieces described in this volume are of ecclesiastical origin such as monstrances, ciboriums, chalices, pyxes, chrismatories, mass cruets, incense boats and burners, altar thrones, lecterns, missal covers, canon board frames, altar bells, altar vases, altar candlesticks, sanctuary lamps and sconces. Further secular silver such as plaquettes, tazze and dishes that have come to our knowledge since the publication of the first volume and also plaquette medals, boxes, book covers, beakers, tankards, cups, bowls, basins, bottles, plate used for the toilet, for the table, candlesticks and plate used for the service of tea, coffee and chocolate. A general survey of a number of objects is given in the Introductions to the first and second volumes. Volume I p. VI, Volume II p. VI, XIV. Certain additional observations concerning the nature, technique of manufacture and decoration of the particular types of article illustrated in this volume are however necessary.

De Witt offers a detailed biography based on a thorough review of the documentary evidence. He traces Van Noordt's origins back to a prominent musical family, details his artistic development under the guidance of prominent Amsterdam painter Jacob Adriaensz Backer and reveals his synthesis of the styles of the two dominant Netherlandish artists Rubens and Rembrandt. Using a systematic analysis of technique, manner and approach to form, de Witt proves that over half the paintings and drawings presently attributed to Van Noordt are not his work, virtually recasting the accomplishments of an artist whose vibrant, often daring works challenge our concept of seventeenth-century Dutch art.

De Kampioen, 2010-09. *De Kampioen* is the magazine of The Royal Dutch Touring Club ANWB in The Netherlands. It is published 10 times a year with a circulation of approximately 3.5 million copies.
