Talking With Psychopaths and Savages: Beyond Evil Christopher Berry-Dee, 2019-09-05 I wrapped duct tape around her mouth and her nose and watched her suffocate to death then I went back to work former Colonel David Russell Williams of the Royal Canadian Air Force 2010 Sunday Times bestselling author Christopher Berry Dee is back with a companion volume that delves even deeper into the savage world of psychopaths and their hideous crimes This time however he combines sections on killers whom he has known interviewed or corresponded with with studies of psychopathic serial killers from the past including Peter Korten the Düsseldorf Monster John Christie responsible for the killings at 10 Rillington Place and Neville Heath a ladykiller in every sense of the word The result is a chilling narrative that sets the forensic examination of killers and their crimes within the context of murder in the twentieth and twenty first centuries an examination of the evil mind set against the insoluble problem of identifying psychopaths who kill This is not a book for the squeamish but it is undeniably fascinating in its portrayal of just what one human being will do to others while all too often moving among us unnoticed and unhindered If their crimes seem as incomprehensible as they are horrific it is undeniably true that the world's most savage killers may be much closer than we think

Wie Psychopathen denken 2 Christopher Berry-Dee, 2025-11-16 Was treibt Menschen zu unfassbaren Verbrechen Christopher Berry Dee renommierter Kriminalexperte und Bestsellerautor wagt sich dorthin wo sich kaum jemand hintraut in die Köpfe der gefährlichsten Verbrecher unserer Zeit Er spricht mit Serienmördern und Psychopathen hinter Gittern und beleuchtet historische Fälle wie das Monster von Düsseldorf oder den Mörder von 10 Rillington Place Mit schockierender Klarheit zeigt Berry Dee dass das Böse oft unerkannt unter uns weilt Ein fesselnder und verstörender Blick in die finstersten Abgründe der menschlichen Psyche

Gordon Welchman Joel Greenberg, 2014-02-24 Enigma's forgotten genius the story of Alan Turing's spy master boss who led the team that cracked Hitler's WWII codes Daily Mail The Official Secrets Act and the passing of time have prevented the Bletchley Park story from being told by many of its key participants Here at last is a book that allows some of them to speak for the first time Gordon Welchman was one of the Park's most important figures Like Alan Turing his pioneering work was fundamental to the success of Bletchley Park and helped pave the way for the birth of the digital age Yet his story is largely unknown to many His book *The Hut Six Story* was the first to reveal not only how they broke the codes but how it was done on an industrial scale Its publication created such a stir in GCHQ and the NSA that Welchman was forbidden to discuss the book or his wartime work with the media In order to finally set the record straight Bletchley Park historian and tour guide Joel Greenberg has drawn on Welchman's personal papers and correspondence with wartime colleagues that lay undisturbed in his son's loft for many years Packed with fascinating new insights including

Welchman's thoughts on key Bletchley figures and the development of the bombe machine this is essential reading for anyone interested in the clandestine activities at Bletchley Park A magnificent biography which finally provides recognition to one of Bletchley's and Britain's lost heroes Michael Smith Reveals a man equally as fascinating equally as important as Turing and tells us even more about what went on in this most secret of establishments during the war years Books Monthly
