Our Mother Saint Paul:

Our Mother Saint Paul Beverly Roberts Gaventa, 2007-07-03 In his epistles Paul at various points uses maternal imagery to talk about his apostolic labors sometimes actually referring to himself as a mother For example Paul writes that he must behave like a nurse caring for her own children Later he writes he is in labor again and must continue to nurse his fellow Christians with milk These images though known among earlier generations of Christians today remain largely both unacknowledged and unexplored in thinking about Paul and his work In Our Mother Saint Paul Beverly Gaventa retrieves these images explores their significance for understanding apostolic ministry and demonstrates how they point beyond their original contexts and offer unique perspectives for understanding Paul s thought as well as the larger cosmic understanding of the gospel

Mothering, God, and the Mothering God V. Jean Thomas, 2025-09-05 Mothers today face unprecedented pressure as contemporary American society feeds into the culture of intensive mothering leading many to be consumed by their role as mothers Many grapple with additional expectations stemming from the teachings of today s evangelical church Rather than serving as a countercultural influence encouraging women to cultivate their primary identity in Christ women often receive the message that to be a good Christian they need to make mothering their top priority The effects of this ideology impact not only women who are mothers but also the church and society at large How does Scripture inform this conversation including both biblical mothers and references to God as Mother Which biblical and historical mothers have been celebrated why and how do they stack up with today s expectations How can mothers today simultaneously follow God and faithfully fulfill their roles as mothers and how can the church support this endeavor This book seeks to reset mothering expectations for the church today by examining examples and expectations of mothers as depicted by Scripture and church history namely the expectation to locate primary identity in Christ

Metaphors and Social Identity Formation in Paul's Letters to the Corinthians Kar Yong Lim, 2017-05-05 Why did Paul frequently employ a diverse range of metaphors in his letters to the Corinthians Was the choice of these metaphors a random act or a carefully crafted rhetorical strategy Did the use of metaphors shape the worldview and behavior of the Christ followers In this innovative work Kar Yong Lim draws upon Conceptual Metaphor Theory and Social Identity Theory to answer these questions Lim illustrates that Paul employs a cluster of metaphors namely sibling familial temple and body metaphors as cognitive tools that are central to how humans process information construct reality and shape group identity Carefully chosen these metaphors not only add colors to Paul s rhetorical strategy but also serve as a powerful tool of communication in shaping the thinking governing the behavior and constructing the social identity of the Corinthian Christ followers

Beyond Old and New Perspectives on Paul Chris Tilling, 2014-05-05 New Testament studies are witnessing many exciting developments And Douglas Campbell s groundbreaking publications are an important contribution to future discussions relating to Paul Familiar problems relating to justification old and new perspectives and much more besides have been tackled in fresh and exciting ways setting down

challenge after challenge to all those involved in Pauline studies Campbell s publications therefore demand serious engagement This book seeks to facilitate academic engagement with Campbell s work in a unique way It contains numerous chapters critiquing his proposals while others summarize the key themes succinctly But it also contains Campbell s own response to the reception of his work allowing him space to outline how his thinking has developed In so doing this work allows readers to be drawn into a vitally important conversation It is academic theology in the making and constitutes the cutting edge of Pauline studies Divine Regeneration and Ethnic Identity in 1 Peter Katie Marcar,2022-06-09 Examines how 1 Peter draws together metaphors of family ethnicity temple and priesthood to describe Christian identity The First Urban Churches 8 James R.
