## **Our Parents Lives Jewish Assimilation In Everyday Life:**

*The Cambridge Companion to American Judaism* Dana Evan Kaplan, 2005-08-08 This volume provides readers with a comprehensive introduction to the most important and interesting historical and contemporary facets of Judaism in America. Written by twenty-four leading scholars from the fields of religious studies, American history and literature, philosophy, art history, sociology, and musicology, the book adopts an inclusive perspective on Jewish religious experience. Three initial chapters cover the development of Judaism in America from 1654 when Sephardic Jews first landed in New Amsterdam until today. Subsequent chapters include cutting-edge scholarship and original ideas while remaining accessible at an introductory level. A secondary goal of this volume is to help its readers better understand the more abstract term of religion in a Jewish context. *The Cambridge Companion to American Judaism* will be of interest not only to scholars but also to all readers interested in social and intellectual trends in the modern world.

**Cultures and Contexts of Jewish Education** Barry Chazan, Robert Chazan, Benjamin M. Jacobs, 2017-03-27 This book examines the history of Jewish education from the Biblical period to the present. It traces how Jews have formally and informally transmitted their culture and worldview over the years, with particular attention to the shift from premodernity to modernity and to the unique opportunities and challenges of contemporary American Jewish education. Its authors combine historical background and insight with educational expertise to provide a robust portrait of the cultures and contexts of Jewish education and address possibilities for the future.

Our Parents' Lives Neil M. Cowan, Ruth Schwartz Cowan, 1996 An account of how Eastern European Jewish immigrants moved from the old world into the new, grappling with an American lifestyle whilst trying to retain their traditional identity. Matzoh Ball Gumbo Marcie Cohen Ferris, 2012-01-01 From the colonial era to the present, Marcie Cohen Ferris examines the expressive power of food throughout southern Jewish history. She demonstrates with delight and detail how southern Jews reinvented culinary traditions as they adapted to the customs, landscape, and racial codes of the American South. Richly illustrated, this culinary tour of the historic Jewish South is an evocative mixture of history and foodways, including more than thirty recipes to try at home.

*Gender, Ethnicity and Space* Elizabeth Ann Lorenz-Meyer, 2006

**Class, Networks, and Identity** Rhonda F. Levine, 2001-06-13 This book documents a little-known aspect of the Jewish experience in America. It is a fascinating account of how a group of Jewish refugees from Nazi Germany came to dominate cattle dealing in south central New York and maintain a Jewish identity even while residing in small towns and villages that are overwhelmingly Christian. The book pays particular attention to the unique role played by women in managing the transition to the United States, in helping their husbands accumulate capital, and in recreating a German Jewish community. Yet Levine goes further than her analysis of German Jewish refugees. She also argues that it is

possible to explain the situations of other immigrant and ethnic groups using the structure network identity framework that arises from this research According to Levine situating the lives of immigrants and refugees within the larger context of economic and social change but without losing sight of the significance of social networks and everyday life shows how social structure class ethnicity and gender interact to account for immigrant adaptation and mobility
