B. Hutchens,2020-07-22 Throughout the twentieth century in Poland various ideologies attempted to keep queer voices silent whether those ideologies were fascist communist Catholic or neo liberal Despite these pressures there existed a vibrant transgressive trend within Polish literature that subverted such silencing This book provides in depth textual analyses of several of those texts covering nearly every decade of the last century and includes authors such as Witold Gombrowicz Marian Pankowski and Olga Tokarczuk winner of the 2018 Nobel Prize in Literature Jack J B Hutchens demonstrates the subversive power of each work showing that through their transgressions they help to undermine nationalist and homophobic ideologies that are still at play in Poland today Hutchens argues that the transgressive reading of Polish literature can challenge the many binaries on which conservative heteronormative ideology depends in order to maintain its cultural hegemony International Perspectives ,1976 **Seminar "Women's Studies and the Social Position of Women in Eastern and Western Europe"** European Network for Women's Studies,1991 Los temas sobre los que giro el seminario
