no more than a rather specialized content of interest primarily to those concerned with its apparent theme here a preparatory course for those about to embark on a speaking tour to promote the threefolding of society Then one discovers various subthemes that unexpectedly spark new insights not only into Anthroposophy but also into Steiner himself who suddenly appears in a new light In such cases we may encounter a passage or lecture that illuminates challenges and ultimately transforms what we think we know and our perspective changes Our habitual understanding falls away and we grasp that what we are reading is not information or description it is a call to act in a new way Thereby we are no longer simply readers but also participants in the adventure of Anthroposophy Here are two lectures given in Stuttgart January 1921 at the request of and to anthroposophists from Breslau in Upper Silesia who had written for guidance in a last ditch attempt to interject threefold ideas into the political discussions surrounding the upcoming referendum to determine whether Upper Silesia would remain part of Germany or revert to Poland Ten lectures were given about a month later aimed to prepare speakers to travel around Germany to promote the idea of threefolding Knowing that their task would not be easy that it would be risky and even dangerous Steiner paints the big picture the deep ground from which they were called to make their case Reading these lectures we come to realize that everything Steiner enjoins and the way he does so applies to a much greater field than what he is explicitly addressing The participants who would be going out to speak were doing so as representatives of Anthroposophy When they speak of threefolding it would be as only one manifestation of what living Anthroposophy can be As such they must themselves become living manifestations of Anthroposophy From this point of view this course could also be called How to Be an Anthroposophist This volume is a translation from German of *Wie wirkt man für den Impuls der Dreigliederung des sozialen Organismus* GA 338 Cover image and frontispiece Rudolf Steiner lecturing in the carpentry workshop c 1915 in Dornach Switzerland Photo by Max Benzinger Verlag am Goetheanum *School Education*, 1917 **The Repository**, 1858 **Australian National Bibliography**, 1984 National Union Catalog, 1973 Includes entries for maps and atlases **The Review of Reviews** Albert Shaw, 1894 The New York Times Magazine, 1993 *Youth's Companion* Nathaniel Willis, Daniel Sharp Ford, 1893 Includes songs for solo voice with piano accompaniment **Higher Education: Written and oral evidence** Great Britain.
