

Outdoor 3d Shapes Activity

**Deborah Lambert, Michelle
Roberts, Sue Waite**

Outdoor 3d Shapes Activity:

Developing Early Maths Skills Outdoors Marianne Sargent, 2020-01-09 Developing Early Maths Skills Outdoors provides practitioners with practical planning for how to develop and enhance the outdoor area to facilitate mathematical learning. It includes up to 80 activities to embed each learning experience into daily provision with dedicated plans to develop specific skills and aspects of mathematics. The activities throughout the book are low cost and easy to set up, aiming to reassure practitioners and give them the confidence to plan more mathematical learning experiences outdoors. This is further supported with planning guidance and resource ideas as well as advice on observation and assessment including suggestions for how to reduce the paperwork burden and a useful observation template. The book is divided into sections that represent the different aspects of mathematics and includes an introduction to each aspect explaining why it is important and outlining the fundamental skills and concepts that underpin it. Ideas for adult led and adult initiated activities that aim to develop children's early mathematical knowledge, skills and understanding, suggestions for how to enhance continuous outdoor provision so that it promotes independent investigation, fostering creative and critical thinking, pointers and tips about teaching mathematics in the early years, ideas for how to involve parents and carers, and links to all four British early years curriculum frameworks.

The National Curriculum Outdoors: Year 6 Sue Waite, Deborah Lambert, Michelle Roberts, 2020-06-25 Part of the National Curriculum Outdoors series aimed at improving outside the classroom learning for children from Year 1 to Year 6. Teaching outside the classroom improves pupils' engagement with learning as well as their health and wellbeing, but how can teachers link curriculum objectives effectively with enjoyable and motivating outdoor learning in Year 6? The National Curriculum Outdoors Year 6 presents a series of photocopiable lesson plans that address each primary curriculum subject whilst enriching pupils with the benefits of learning in the natural environment. Outdoor learning experts Sue Waite, Michelle Roberts and Deborah Lambert provide inspiration for primary teachers to use outdoor contexts as part of their everyday teaching and showcase how headteachers can embed curriculum teaching outside throughout the school whilst protecting teaching time and maintaining high quality teaching and performance standards. All of the Year 6 curriculum lessons have been tried and tested successfully in schools and can be adapted and developed for school grounds and local natural environments. What's more, each scheme of work in this all-encompassing handbook includes primary curriculum objectives, intended learning outcomes, warm up and main activities, plenary, guidance, natural connections, ICT and PSHE links and word banks. Please note that the PDF eBook version of this book cannot be printed or saved in any other format. It is intended for use on interactive whiteboards and projectors only.

The National Curriculum Outdoors: KS1 Deborah Lambert, Michelle Roberts, Sue Waite, 2020-06-25 Part of the National Curriculum Outdoors series aimed at improving outside the classroom learning for children from Year 1 to Year 6.
