Ovacome Cancer Stories:

OVACOME 25 YEARS OF A SPECIAL CHARITY Robert Leach,2022-12-05 An absorbing and sometimes moving story of the creation and development of the UK's first and foremost ovarian cancer support charity Ovacome In 1996 Sarah Dickinson a recently diagnosed sufferer from ovarian cancer could not find any support group or even much in the way of information for herself and her husband With great courage and determination she set about the creation of a new charity Ovacome to fill that void Working with a small group of friends often from her kitchen table at home in Ealing London she managed to gain almost immediate publicity for the charity leading to an avalanche of enquiries and support from many women and men across the country This book celebrates Sarah's achievements and the work of the Ovacome team since inception as it has provided many thousands of individuals with information support and guidance in dealing with ovarian cancer Over the 25 year period of Ovacome's history many individuals have made exceptional contributions to its work Some of these amazing contributions are related in these pages under the heading Ovacome's heroines and heroes Advances in diagnostics and treatment of the disease are outlined in layman's terms in dedicated chapters covering three time specified periods 1996 2000 2001 2010 2011 2021 But mostly the book aims to celebrate the enormous achievements of Ovacome in providing information support and guidance to many thousands of individuals impacted by this relatively uncommon disease

narratives Cancer Stories points toward a more holistic research treatment agenda one that bridges the medical and social sciences David M Gregory is associate professor in the Faculty of Nursing University of Manitoba Cynthia K Russell is assistant professor in the College of Nursing University of Tennessee Memphis **The Aesthetic Experience of Dying** Veronica M. F. Adamson, 2017-09-07 Structured around a personal account of the illness and death of the author's partner Jane this book explores how something hard to bear became a threshold to a world of insight and discovery Drawing on German Idealism and Jane's own research in the area The Aesthetic Experience of Dying looks at the notion of life as a binary synthesis or a return enhanced as a way of coming to understand death Binary synthesis describes the interplay between dynamically opposing pairs of concepts such as life and death resulting in an enhanced version of one of them to move forward in a new cycle of the process Yet what relevance does this elegant word game have to the shocking diagnosis of serious illness Struggling to balance reason with sense thought with feeling this book examines the experience of caring for someone from diagnosis to death and is illustrated with examples of the return enhanced The concluding chapter outlines how the tension of Jane's dying has been resolved as the rhythmic patterns of the lifeworld have been understood through the process of reflecting on the experience This creative and insightful book will appeal to those interested in the medical humanities It will also be an important reference for practising and student health professionals *Raw Edges* Sandra D.
