Becoming a Public Benefit Corporation Michael B. Dorff, J.D., 2023-11-21 There are now over 10 000 benefit corporations and public benefit corporations in the United States including at least fifteen public companies This is the authoritative guide for leaders advisors and board members Entrepreneurs and leaders often have an inspiring vision for how their business can not only make money for shareholders but also benefit society In recent years a new legal structure has emerged the Benefit Corporation or Public Benefit Corporation which helps organizations make this ethical vision a legally authorized and protected reality Companies like Patagonia Kickstarter Warby Parker Danone North America Allbirds and King Arthur Baking have become benefit corporations to help advance both their business and their broader mission Rather than narrowly maximizing profits they consider their businesses impacts on employees customers suppliers the environment and others The goal of benefit corporations like these is to foster a new more humane and sustainable capitalism by pursuing both profits and mission Benefit corporation status helps protect the company mission even when leadership changes and in the face of pressure from investors shareholders bankers and lenders *Becoming a Public Benefit Corporation* explains this exciting new type of corporation when it makes sense and how becoming a benefit corporation can help leaders and organizations balance the tradeoffs between profits and mission Law professor and corporate governance expert Michael B Dorff also covers the weaknesses of benefit corporations arguing that the enforcement mechanisms around benefit corporations are currently too weak to prevent purpose washing With examples from top companies the book shows mission driven leaders board members and advisors how to use the benefit corporation structure to make the world a better place

The Metaverse Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in

approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world
