*Imagining Transmedia* Ed Finn, Bob Beard, Joey Eschrich, Ruth Wylie, 2024-04-23 How the blurring of media forms transmedia became the default for how we experience narratives and how that cultural transformation has redefined the worlds of education entertainment and our increasingly polarized public discourse Over the past decade the power of narrative has been unleashed with awesome and terrifying consequences and it has been consumed in its blurred media forms by millions of people as news entertainment and education Imagining Transmedia edited by Ed Finn Bob Beard Joey Eschrich and Ruth Wylie explores the surprising ways that narratives working across media forms became the default grammar for both media consumption and personal expression and how multiplatform storytelling creates new media literacies and modes of civil discourse Understanding this shift reveals transmedia as an essential building block of media literacy today Transmedia is how we create interpret and participate in our increasingly mediated society It extends beyond popular culture into professional and public spheres while at the same time it fuels the misinformation and polarization that have contributed to America's fraying civic discourse Reaching beyond traditional academic analyses this probing collection of essays and conversations features transmedia
