Missouri argues that these mega corporations controlled by the robber barons of the modern era are the gravest threat to American liberty in decades To reverse course Hawley argues we must correct progressives mistakes of the past That means recovering the link between liberty and democratic participation building an economy that makes the working class strong independent and beholden to no one and curbing the influence of corporate and political elites Big Tech and its allies do not deal gently with those who cross them and Senator Hawley proudly bears his own battle scars But hubris is dangerous The time is ripe to overcome the tyranny of Big Tech by reshaping the business and legal landscape of the digital world
