### **Historical Dictionary of Science Fiction in Literature**

M. Keith Booker, 2014-10-01 The Historical Dictionary of Science Fiction in Literature is a useful reference to the broad and burgeoning field of science fiction literature. Science fiction literature has gained immensely in critical respect and attention while maintaining a broad readership. However, despite the fact that it is a rapidly changing field, contemporary science fiction literature also maintains a strong sense of its connections to science fiction of the past, which makes a historical reference of this sort particularly valuable as a tool for understanding science fiction literature as it now exists and as it has evolved over the years. The Historical Dictionary of Science Fiction in Literature covers the history of science fiction in literature through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries including significant people, themes, critical issues, and the most significant genres that have formed science fiction literature. This book is an excellent access point for students, researchers, and anyone wanting to know more about this subject.

### **Shadow Puppets**

Orson Scott Card, 2002-08-19 Bestselling author Orson Scott Card brings to life a new chapter in the saga of Ender's Earth and The Shadow Series. Earth and its society have been changed irrevocably in the aftermath of Ender Wiggin's victory over the Formics. The unity forced upon the warring nations by an alien enemy has shattered. Nations are rising again, seeking territory and influence, and most of all, seeking to control the skills and loyalty of the children from the Battle School. But one person has a better idea: Peter Wiggin, Ender's older, more ruthless brother. He sees that any hope for the future of Earth lies in restoring a sense of unity and purpose. And he has an irresistible call on the loyalty of Earth's young warriors. With Bean at his side, the two will reshape our future. Shadow Puppets is the continuing story of Bean and Petra and the rest of Ender's Dragon Army as they take their places in the new government of Earth.
