Oscar Predictions Vs Promo:

Research in Media Promotion Susan Tyler Eastman, 2000-08-01 Eastman has assembled this exemplary volume to spotlight media promotion and to examine current research on the promotion of television and radio programs. The studies included here explore various types of promotion and use widely differing methods and approaches providing a comprehensive overview of promotion research activities. Chapters include extensive literature reviews, original research, and discussion of research questions for subsequent study. Research in Media Promotion serves as a benchmark for the current state of promotion research and theory and establishes the role of promotion as a primary factor affecting audience size. Appropriate for coursework and study in programming, marketing, research methods, management, and industry processes and practices, this volume offers agenda items for future study and is certain to stimulate new research ideas. **Health**

Promotion and Aging David Haber, 2013-03-21 Praise for the fifth edition: I applaud Dr. Haber for addressing key concepts and issues in health promotion and aging and making them accessible, respectful, mindful, and empowering. Marilyn R. Gugliucci, PhD, Director, Geriatrics Education and Research, University of New England. Past President, AGHE. David Haber has done it again! A must have for students and faculty alike. Barbara Resnick, PhD, CRNP, FAAN. Substantially revised and updated, the sixth edition of this classic text continues to define healthy aging by illustrating how to prevent disease and make large-scale improvements toward health and wellness. New to this edition is current information regarding the future of Medicare, Social Security, and the Affordable Care Act; information about the Healthy People 2020 initiative supported with examples up to date; and comprehensive medical screening recommendations and an extensive review of new developments in complementary and alternative medicine, geriatric mental health, community health, and public health policy. A new section on technology and aging is also included, as well as an instructor's manual. The text synthesizes current research findings with practical applications and includes detailed and updated descriptions of the author's own programs that have been recognized by the National Council on the Aging's Best Practices in Health Promotion and Aging. New to this Edition: Up to date coverage of the future of Medicare, Social Security, the Affordable Care Act, and the Healthy People 2020 initiative. New section on technology and aging.
