**New World Translation of Jehovah's Witnesses** Edward D. Andrews, 2018-01-28 REVIEWING 2013 New World  
Translation of Jehovah's Witnesses is going to challenge your objectivity Being objective means that personal feelings or opinions do not influence you in considering and representing facts Being subjective means that your understanding is based on or influenced by personal feelings tastes or ideas If the reader finds these insights offense it might be a little mind control at work from years of being told the same misinformation repeatedly so ponder things objectively We can also have preconceived ideas that have been a part of our thinking for so long we do not question them Preconceived is an idea or opinion that is formed before having the evidence for its truth If we are to be effective we must season our words so that they are received well Then there is the term preconception which means a preconceived idea or prejudice Seasoned words honesty and accuracy are distinctive features of effective apologetic evangelism **Dictionary of J. W. Eise** David Reed, 2010-01-03 Jehovah's Witnesses have a unique vocabulary incomprehensible to outsiders They also use familiar Christian terms to mean something different from standard usage This book is a dictionary of such J W eise language Moreover it explains how JWs engage in doubletalk when speaking with outsiders and tells the reader how to break through that doubletalk to share the Gospel of Christ with those trapped inside the cult Reed is the author of Answering Jehovah's Witnesses Subject by Subject and the popular book Jehovah's Witnesses Answered Verse by Verse This Dictionary of J W eise was originally published in 1997 under the title Jehovah Talk by Baker Book House This volume is the 2010 Lulu edition
