

OUTCAST

A detailed illustration of a futuristic spaceship, possibly a space station or a large probe, with a complex, modular design. It has a long, central body with various sections, including what looks like a cockpit or control room at the front. The ship is positioned diagonally across the frame, flying over a large, reddish-orange planet with a highly textured, cratered surface. The planet's surface is covered in numerous small, dark craters and larger, more prominent features. The background is a dark, starry space with a bright, glowing orange light source on the left, creating a strong lens flare effect. The overall color palette is dominated by oranges, reds, and blacks, giving it a dramatic and intense feel.
