[Outdoor Emergency Care](#) Edward C. McNamara,David H. Johe,Deborah A. Endly,2021 For over eighty years the National Ski Patrol NSP has trained people who have successfully cared for thousands of injured snow sports enthusiasts Early in its history an Advanced Red Cross first aid course was used for training Since that time pre hospital care has significantly changed The public has greater expectations of care now so the NSP has improved the patrol ler s level of training to that of an NHTSA National Highway Traffic Safety Administration

Emergency Medical Responder Today there are a variety of outdoor activities available at ski areas bike parks and other land management areas that occur during all seasons of the year As a result the NSP changed the medical training of patrollers to cover not just snow sports but a variety of other non winter activities including mountain biking ziplining downhill bike racing and bike parks In the mid 1980 s Dr Warren Bowman the National Medical Advisor for the NSP created a text and course called Winter Emergency Care providing prehospital medical care training for ski patrollers Today the program aptly named Outdoor Emergency Care is the backbone of the NSP s medical training program It is also the standard of training for other organizations using an Emergency Medical Responder curriculum involved with outdoor recreation Outdoor Emergency Care OEC is the primary resource for a student who wants to become a ski or bicycle patroller or prehospital first responder called an OEC Technician It also has value for other outdoor enthusiasts It bridges the gap between urban medical responders with immediate access to an ambulance and advanced equipment and wilderness search and rescue personnel who are several hours from advanced care No other comprehensive medical textbook covers this niche of prehospital care River rafters rope course rescuers cavers park rangers mountain bike race personnel search and rescue personnel rescuers at large sporting events and outdoor concerts will find the information in this text invaluable when providing care for patients
