**Incorporating Cultures' Role in the Food and Agricultural Sciences** Florence V. Dunkel,2017-08-29 Incorporating Cultures Role in the Food and Agricultural Sciences addresses the practical needs of the professors administrators and students who often face challenges of working together with Indigenous peoples with whom they have no prior experience Missed communication failed projects and unrealistic goals are daily realities Academia and industry often encounter frustration in recruiting and retaining Native American students and other ethnicities This text is a guide for anyone working in the food or agriculture disciplines or industries particularly for those working with people of a culture different from one's own Comprehensive full awareness of one's own culture is a prerequisite for effective teaching and learning within another culture This book is replete with stories examples and peer refereed journal articles to help build awareness These stories examples and articles from multiple voices are placed over a basic underlying framework that is summed up in the title of the book itself Provides compelling well referenced practical ways to understand the cultural component of behavior related to food and agriculture Explores behavior in setting policy developing curricula interacting with communities and in making choices as a consumer Connects the dots between food deserts the disgust factor and the world's grand challenges Includes lessons learned and new

approaches in food and agricultural sciences using transdisciplinary experiential action research methods Contains practical state of the art methodologies and diagrams to get started improving intercultural competency inclusivity and internationalization of food and agricultural sciences Understanding Language Use in the Classroom Susan J. Behrens,2018-04-17 It is clear that a proper understanding of what academic English is and how to use it is crucial for success in college and yet students face multiple obstacles in acquiring this new code not least that their professors often cannot agree among themselves on a definition and a set of rules Understanding Language Use in the Classroom aims to bring the latest findings in linguistics research on academic English to educators from a range of disciplines and to help them help their students learn and achieve In this expanded edition of the original text college educators will find PowerPoint presentations and instructor materials to enhance the topics covered in the text Using these additional resources in the classroom will help educators to engage their students with this crucial but frequently neglected area of their college education and to inform students about the unexamined linguistic assumptions we all hold and that hold us back You can find additional materials on the Resources tab of our website

Comparative Perspectives on Refugee Youth Education

Alexander W. Wiseman,Lisa Damaschke-Deitrick,Ericka L. Galegher,Maureen F. Park,2019-05-22 This volume explores the shared expectations that education is a panacea for the difficulties that refugees and their receiving countries face This book investigates the ways in which education is both a dream solution as well as a contested landscape for refugee families and students Using comparative cross national perspectives across five continents the editors and contributors critically analyze the educational structures policies and practices intended to support refugee youth transition from conflict and post conflict zones to mainstream classrooms and schools in their new communities

Female Cartoonists in the United States Hélène Tison,2021-11-29 This book provides an introduction to women cartoonists in the US reading their work from a feminist literary and stylistic perspective which shines a light on their innovative and unique narratives and graphic languages From rabid feminists to blundering teenagers to dyke avengers and pregnant butches from political satire to memoirs to troubling sexual tales from caricature to the clear line from realism to minimalism and abstraction they have done it all This book looks at the work of over thirty authors who have challenged the boys club of comics in the US and whose stories shed a revealing light on contemporary society through countercultural ripostes to the patriarchy raw or humorous confessions

deconstruction of femininity stories of vulnerability that offer powerful counterpoints to the super bodies of mainstream comics non white and queer cartoonists drawing back and more This is a key title for students and scholars in the fields of Comics Studies Literature and Women and Gender Studies
