Assistive Technology: Shaping a Sustainable and Inclusive World Georgios Kouroupetroglou,2023-11-15 Caring about others and the future is part of what makes us human and it can be argued that

improving the lives of people with disabilities improves the lives of all human beings. Most of what we do as a society for people with disabilities also improves life for others and if we consider a person's entire life a disability of some kind will affect almost everybody at some point. This book *Assistive Technology Shaping a Sustainable and Inclusive World* presents the proceedings of AAATE 2023 the 17th International Conference of the Association for the Advancement of Assistive Technology in Europe held in Aubervilliers France from 30 August to 1 September 2023. For over 30 years the biennial AAATE conference has focused on research aimed at improving the lives of people with a disability and has become one of the main platforms for all stakeholders in the field. A total of 123 papers were submitted in the category intended for publication in these conference proceedings and after a rigorous process involving review by at least three international reviewers 74 were selected for inclusion here. Topics covered include service delivery of AT, AT for various groups such as older adults, children and those with cognitive disabilities, mobility, privacy and security issues, and AT to promote inclusion and facilitate participation in education, culture and work. Providing a comprehensive and current overview the book will be of interest to researchers, practitioners, manufacturers, decision makers and providers, users of AT and anyone else working in the field.
