Corporate Risks and Leadership Eduardo E. Mariscotti, 2025-04-24 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and

international regulations designed to ensure transparency and compliance with the law. Because of the existence of these new regulations, the level of control, the severity of sanctions by governments, and the amount of fines for noncompliance have increased dramatically. In parallel with the technological revolution in communications, business management has become more transparent, and any negative event is uploaded to social networks and shared with an indeterminate number of people. This change in the regulatory, sanctioning, and technological context has forced large companies to rethink risks, investments, and budgets to deal with this more complex environment. To transition to this change, some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans, strategies, growth targets, investment plans, and or talent acquisition. While each industry has its particular risks, in this book the author describes the essential elements that any effective ethics and compliance program should contain. This book is a source of information that connects yesterday with today. The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves. This book covers theories of ethics but with an eye focused on practical application. Risks, ethics, and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or technical and regulatory details. Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations. Thus, due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors, it seems appropriate that executives get access to this book about risks, ethics, compliance, and human resources, directed not only to compliance experts but also to any organizational leader. This second edition offers various examples to cultivate ethical thinking and behavior, identify common risks, and comprehend their adverse effects on organizations.

Lead Like an MNC Ashish Verma, 2025-08-26

What if the secret to scaling your MSME wasn't just more sales or better operations but world-class people systems? In *Lead Like an MNC*, seasoned HR transformation expert Ashish Verma pulls back the curtain on why most Indian MSMEs struggle to retain talent, build a scalable culture, or attract top professionals, and how it all begins with one often overlooked function: Human Resources. Drawing from 30 years of deep experience with both global MNCs and homegrown MSMEs, Ashish presents a step-by-step, founder-friendly playbook that transforms chaotic HR departments and unstructured people management into a scalable strategic system. This is not just another HR manual; it's a mindset shift. From building HR policies that actually work to aligning job roles with business goals, from attracting talent to conducting goal-driven performance reviews, this book offers actionable frameworks, checklists, assessments, and real-world examples that MSME leaders can implement right away. You'll learn how to: Build an HR strategy that supports your business vision from Day 1; Draft policies that protect your business and empower your people; Replace gut-feel hiring with structured recruitment funnels; Retain top performers through culture, not just compensation; Create goal sheets, review systems, and recognition strategies that scale; Use simple HR metrics and dashboards, even if you're not an HR person; Build an employer brand that

attracts talent like a magnet Whether you run a factory a tech startup a retail chain or a family run enterprise this book is your blueprint for leading like a multinational without losing your MSME soul Who this book is for MSME Founders Owners First time HR Managers Family Business Successors Business Coaches Consultants Anyone building an HR department from the ground up If you re too busy to fix your HR you ll always be too busy fixing people s problems Ashish Verma **A Collection of Technical Papers** ,1987 Geriatric Medicine and Elderly Care Claire G.
