**Tim Wu**

## **Back To School Deals Openai Update:**

*The Age of Extraction* Tim Wu, 2025-11-13 Today's dominant tech platforms manipulate attention, extract wealth, and deepen inequality. We must take back control if we are to create a balanced economy that works for everyone. A must read. FINANCIAL TIMES Insightful. CORY DOCTOROW author of *Enshittification* Essential reading. KAREN HAO author of *Age of Empire*. Our world is ruled by a handful of tech platforms. They provide great conveniences and entertainment but also stand as some of the most effective instruments of wealth extraction ever invented, seizing immense amounts of money, data, and attention from all of us. An economy driven by tech and AI could enrich us yet it could also marginalize entire industries, widen the wealth gap, and foster a two-class nation. As technology evolves and our markets adapt, can society cultivate a better way? Is it possible to balance economic growth and egalitarianism, or are we too late? Tim Wu, the preeminent scholar and former White House official who coined the phrase net neutrality, tells the story of an internet that promised widespread wealth and democracy only to aid the spread of autocracy instead. From generative AI and predictive social data to antitrust and cryptocurrency, Wu frames our current moment within key lessons from recent history. And perhaps most importantly of all, Wu envisions a future where technological advances serve the greatest possible good for everyone. Concise and hopeful. *The Age of Extraction* offers consequential proposals for reclaiming control to achieve better economic balance and prosperity for all. A passionate call for a fairer economy. DARON ACEMOGLU co-author of *Why Nations Fail*. A how-to book on how we can achieve liberty. MATT STOLLER author of *Goliath*.

## **Back To School Deals Openai Update** Book Review: Unveiling the Magic of Language
