Stoll,2018     The Impact of Instagram Micro-Influencers on the Buying Decision of Generation Z towards Fitness Products ,2022-11-15 Bachelor Thesis from the year 2020 in the subject Business economics Offline Marketing and Online Marketing grade 2 0 Reutlingen University ESB Business School language English abstract With fitness being a huge topic over the last couple of years many fitness brands started collaborating with fitness influencers on social media platforms Especially micro influencers on Instagram have gained attention in the previous years since they show high engagement rates and are perceived as credible sources of information Particularly for young consumers micro influencer marketing has turned out to be an effective and contemporary brand communication strategy The present bachelor thesis gives an overview of the effects of Instagram micro influencers on the buying decision Here the impact on Generation Z towards fitness products was examined with an extensive literature review and a quantitative study in the form of an online

survey With the results of the study insights on the relationship between fitness related micro influencers and Generation Z s buying decision could be gained Although social media and fitness related micro influencers play an essential part in the worldwide growth of the fitness industry there is a dearth of research about their relationship with the buying decision of consumers Especially for product managers in the health and fitness industry it can be beneficial to understand these connections to better leverage influencer dynamics in their social media strategies Moreover there is a lack of studies focussing on the implications of these micro influencers on Generation Z specifically Generation Z consumers are the most digital and most reliant in terms of influencer recommendations As emerging adults in their developmental stage they can still be influenced in terms of their fitness habits Therefore brands and businesses in the fitness sectors can profit from understanding their buying behavior which allows them to adapt their influencer marketing campaigns accordingly Finally it cannot be disregarded that fitness is an issue that people will always be concerned with since it strongly affects their well being Against this background this study aims to approach the following research question How do micro influencers on Instagram affect the purchasing decision of Generation Z towards fitness products Gasoline On Fire Justin a

Parker,2019-09-16 Your Instagram Strategy Sucks Are you not getting any likes No one seems to ever follow you Can t seem to create a viral photo Most people are actually TURNING THEIR FOLLOWERS AWAY instead of attracting them Are you one of them 99 99% of Instagram users just post and pray while real business owners are building sales funnels within each post Why not Discover how to build a profitable Instagram portfolio The purpose of a sales funnel is to collect leads People who know about internet marketing know that in order to close a sale online you have to do some preselling In short the purpose of your Instagram account aside from bringing traffic and leads is to presell those leads That is why it s doubly important that you add value with your Instagram account by providing followers with valuable information The link between you and your followers on the Instagram account will also satisfy the purpose of building trust and authority if you handle your posts correctly So if someone has been following you on Instagram and enjoying your posts they already trust you and they are going to be interested when you recommend a product or service to them For this reason Instagram can be a good addition to your strategy as an online marketer Attention Instagram is NOT for everyone This book is not for people Who doesn t like profits Who are not committed for a change Who doesn t want to build a large following If you are ready to learn about real Instagram strategy Scroll Up And Click On The BUY NOW Button Now Instagram Secrets Alexander Vinci,2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a

restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Instagram For Business For Dummies** Eric Butow,Corey Walker,2024-12-05 Become an Instagram aficionado and grow your business online Instagram For Business For Dummies shows you how you can tap into the social media platform with over 1 billion active users and the highest brand engagement of any social app out there Businesses of all sizes have discovered how successful they can be when they take advantage of Instagram s powerful business tools including shoppable posts devoted business profiles and advanced analytics This beginner friendly book helps you take advantage of this great opportunity to connect with a broader audience tell a gripping story and make your business an integral part of customers lives This new
