The source is to be kept informed of the progress of the investigation, but he is not to be used in any way that might compromise the investigation.

in 1983 (see Appendix). There are two dimensions to the debate. First, the question of whether and how existing laws, institutions, procedures, etc. are being used to solve environmental problems. Second, the question of whether and how new environmental institutions are being created. The first dimension is the subject of the first two chapters of this book. The second dimension is the subject of the last two chapters. The first dimension is the subject of the first two chapters of this book. The second dimension is the subject of the last two chapters.
